FURTHER CONTRACTS HINGE UPON VICTORY LOAN

SPECIAL PRESIDENTIAL COMMISSION PROPOSED TO ARBITRATE STRIKE

Resolution Introduced by Chairman Kenyon, May Mean Solution of Deadlock; Three Arbitrators to Meet Miners and Operators

Washington, Nov. 4.—A special Presidential Commission to attempt arbitration of the bituminous coal strike was proposed in a resolution introduced to-day by Chairman Kenyon of the labor committee. Without discussion the measure was referred to that committee.

The resolution provides that the commission be composed of three members who shall call together representatives of the miners and operators of such mines, and use all lawful means to cause them to consider and settle their differences.

Should such differences not be adjusted or the strike terminated within fifty days, the Commission would investigate the controversy and within fifteen days publish a report setting forth the results of its investigation and its conclusions as to the proper concessions, if any, to be made by one or both sides.

Dr. Garfield returned early to-day from a visit to Kentucky and soon afterward went into conference with Mr. Morrow, who was an official of the fuel administration, during the war. What proposals the fuel administrator had to make were not disclosed in advance of the conference.

UNBROKEN FRONT

Chicago, Nov. 4.—In the face of virtually an unbroken front of approximately 425,000 striking coal miners, whose walk-out throughout the nation at Midnight Friday has produced almost complete paralysis of the production of bituminous coal, dawn of the second full day of the strike found Government officials and coal mine operators in an optimistic mood. Additional movements of Federal and state troops into various coal fields were reported overnight, and thousands of carloads of fuel in transit were confiscated by the Federal railroad administration, diminishing the supply of private industries which have already felt the stoppage of production. Officials of the United Mine Workers of America, whose list officially were sealed by the Federal court injunction issued at Indianapolis last week, remained silent.

Attorneys for the miners continued preparation to-day of their side of the case at the hearing next Monday in Federal court of the injunction proceedings, and Washington officials were of the opinion that the

HUGE EXPENDITURES WITHIN NEXT YEAR

Country Will Be Compelled to Raise \$800,000,000, Committee Reports

Winnipeg, Nov. 4.—The Free Press carries the following from an Ottawa correspondent:

"Your committee are of the view," says the report of the Parliamentary body which investigated the question of soldiers' civil re-establishment, "that, including the present Victory Loan, Canada, within the next twelve or eighteen months, will be compelled to raise from \$700,000,000 to \$800,000,000 to provide for expenditures to which the country is, or will be, committed."

"Your committee," continues the report, "are of the view that Parliament before it reaches any decision to increase income tax should consider whether or not it will be in the National Interest to greatly increase the rate of income tax beyond that in force in the United States."

The committee estimates the amount of revenue secured from the business profits tax at about a hundred million dollars. "The evidence submitted," it declares, "indicates that this form of taxation cannot be extended to take care of further large expenditures. If the business and industries of Canada are to be taxed out of all proportion to their chief competitors in the United States and elsewhere, the committee has no hesitation in saying that the results generally in the end will be disastrous to Canada, and hence to the returned soldiers themselves."

WAS HIDDEN WEALTH CAUSE OF CRIME?

Murder Occurs in Chinatown; Arrest is Made Immediately

What mystery lies hidden in dark and dismal rooms of a tenement building off Theatre Alley that would induce a man to go to the length of committing murder to secure an entrance to it, is the question that is puzzling Chinatown to-day, following the cold-blooded murder of Wong Sam Yuen, a Chinese junk dealer, who was shot shortly after 4 o'clock yesterday afternoon by someone who had lain in wait for him in the dim corridors of the premises.

Incidentally, the Chinese, who are extremely superstitious, are greatly moved over the matter, as it was a man bearing the same surname, namely Wong Chung, who murdered the Chinese Minister Tang in Chinatown in September, 1918, and afterwards killed himself.

In Court To-day

The alleged murderer in yesterday's affair, Quon Hin Jung, lies in a cell at the police station. He was formally charged with the murder in the police court this morning, and his case was stood over until Friday, pending the holding of an inquest over the body of the murdered man at the B.C. Funeral Parlors at 3.30 o'clock to-morrow afternoon.

The story of the murder and the circumstances surrounding it, as far as can be learned, are as follows: There are a number of tenement rooms on the second floor of 517 Pismore street.

ALSATIANS KISS TIGER OF FRANCE

Premier Clemenceau Given Enthusiastic Greeting at Strasbourg

Strasbourg, Nov. 4.—This city, the capital of Re-claimed Alsace, extended a warm greeting this morning to Premier Clemenceau, who came here to deliver a speech intended, it is understood, to set forth the programme of the Government party in the parliamentary election campaign. The Premier, who reached the city at 9 a. m., was met by Alexandre Millerand, the Governor of Alsace, and other notables, and was cheered by thousands of the populace as he passed before the guard drawn up in his honor. A picturesque feature was furnished by Alsatian girls in national costumes throwing flowers as the Premier went by.

"This is one of the greatest days of my life," the Premier exclaimed. "It was worth living for. Now I know I have not lived in vain."

Brushing aside M. Millerand and others near him, the 78-year-old Premier mingled with the crowds of Alsatis who had broken through the cordon formed by the police, who were not too insistent in keeping them back. Pretty girls, virtually mobbed the "grand old man" of France. The girls and women welcomed him in the Alsatian dialect, which the Premier does not understand, but their resounding kisses on his weather-beaten cheeks needed no interpreter.

CHRISTIAN NAMES FOR CHILDREN NOW BANNED BY SOVIET

Stockholm, Oct. 15.—(Associated Press.)—Leaders of Russia's Soviet Government have banned the giving of christian names to children, it is reported, because they are considered "reminiscent of the reactionary system." It is expected an order will be issued soon forbidding their use. Numbers are to be substituted. Thus three children of a family named Petkoff may in future be known as Petkoff "One, Two and Three" respectively.

LABOR CONFERENCE OPENS DEBATE ON EIGHT-HOUR DAY

Washington, Nov. 4.—Debate between advocates of the eight-hour day and those supporting the forty-eight-hour week opened to-day's session of the International Labor Conference. The organizing committee recommended the forty-eight-hour week instead of the eight-hour day but some of the delegates favor the principle of the straight eight-hour day.

PLEBISCITE COMMISSION AT PARIS WILL NOT HAVE AMERICAN REPRESENTATIVE

Paris, Nov. 4.—November 10 has been fixed by the Supreme Council as the date when the plebiscite commission created under the German peace treaty shall meet in Paris to discuss the elections in the various areas, the political affiliation of which is to be settled by popular vote. The United States will not be represented even unofficially at this meeting.

Holland has been advised by the Council that it adheres to the decision previously reached not to recognize the Dutch ownership of German ships purchased by Holland after the opening of the war.

Belgium has asked the Council to release ships from Finland loaded with material destined for Belgium. The question has been referred to the armistices commission, which, it is expected, will allow these ships to proceed through the Baltic blockade of Soviet Russia.

The Council discussed the Hungarian situation, but so far as appeared, made no great progress toward a solution of the problem of dealing with the Rumanians who are still occupying a considerable

France Presents Proposals to Settle Fiume Controversy

Paris, Nov. 4.—France has taken the initiative in presenting to the Washington Government a new proposal for settlement of the Fiume question, according to The Echo de Paris. The newspaper says the move has the support of Great Britain.

Britain's Support.

Rome, Nov. 4.—Great Britain has decided to support the solution proposed by Italy relative to the Adriatic question, and has given instructions to this effect to her Ambassador in the United States, says The Tribune. The national council of Fiume, according to this newspaper, has officially notified the Entente Powers of the resolution passed October 30 claiming annexation to Italy under the principle of self-determination.

The Giornale d'Italia says it is probable France will submit to the supreme council a new project concerning the Adriatic. Clemenceau wishing to end his Premiership with an act making Franco-Italian friendship strong and lasting.

MINISTER WELCOMES THE OPINION OF DELEGATION OF LOCAL SHIPBUILDING

Further shipbuilding contracts are practically assured to Victoria to relieve the unemployment situation, and the extent of these contracts depends solely on the success of the Victory Loan in Canada, Sir Henry L. Drayton, Minister of Finance, said to-day at the Empress Hotel. He was interviewed by a delegation from the Board of Trade, Rotary Club, and representatives of the shipbuilding, lumber and other industries and business men and bankers.

"I have got in my mind the getting of as much work as I can into this town," said Sir Henry. "I feel the necessity of getting help for you people here. The extent depends largely on the success of the Victory Loan issue."

The delegation was headed by the Hon. S. F. Tolmie, Minister of Agriculture. Several members of the party told Sir Henry of the unemployment situation here, partly due to the 12,000 to 17,000 extra returned soldiers who have been demobilized in this Province, the established facilities for the construction of more ships and of the need of something being done at once.

Dr. Tolmie told of the number of skilled men released from shipyard work. He declared it was much better to deal with unemployment by providing work than by palliative measures and said the quickest results could be attained by the inauguration of more wooden shipbuilding.

Favors Cameron Proposal.

Sir Henry commended the proposal put forward by J. O. Cameron, President of the Board of Trade and prominent lumberman, and had Mr. Cameron promise that he would give him early this afternoon a full statement in writing of his proposals with figures. Mr. Cameron started at once to prepare his statement.

Mr. Cameron said that the proposal to build wooden vessels here for the export of lumber appealed to the lumber men who were willing to go in on it and would assist in arranging the financing. He proposed that the Government should loan at six per cent. up to eighty per cent. of the cost of the ships, the lumber companies to finance all beyond that sum. The money would be paid back through the big freight rates now prevailing. He suggested that in this case the Government should be willing to forego the heavy income tax on the earnings of the vessels as the present high freights would soon wipe out the indebtedness and leave the vessels paid for when freights drop. Sir Henry said there would be no difficulty in arranging that.

"How long would it take you to get these contracts going if we gave you the assurance of a loan?" asked Sir Henry.

"Ten days," replied Mr. Cameron. (Concluded on page 16.)

VISCOUNT JELICOE NEARS VICTORIA ON H.M.S. NEW ZEALAND

Vancouver, Nov. 4.—The battle-cruiser New Zealand, carrying Admiral of the Fleet, Viscount Jellicoe, was spoken by the Tri-anglo Wireless Station at 10 o'clock Monday night. No position was given, but it is estimated she was about 1,500 miles from the station. This would bring her in to Victoria on Friday if she keeps up her 20-knot clip. Rear-Admiral Kingsmill passed through Vancouver this morning for Victoria to meet Viscount Jellicoe. He sailed on the naval patrol steamer Malaspina.

MILITARY UNITS TO ERECT MEMORIALS TO BATTLE EXPLOITS

London, Nov. 4.—The battle exploits memorial committee reports that 117 claims to erect memorials have been made by individual units. All claims made by Canadian, Australian and New Zealand Governments have been approved and negotiations regarding sites and recognition of the French and Belgian governments are well advanced.

PROFITEERING ON CANADIAN SUGAR

13,440,000 Pounds held on Ships at New York; Illegal Profit Is Alleged

New York, Nov. 4.—Federal Food Administrator Williams announced last night that he had discovered 13,440,000 pounds of raw sugar on ships in the harbor, 1,000 tons of which had been offered for sale by a Wall Street broker at an illegal profit of more than four cents a pound.

The sugar is said to be owned by a Canadian refining company. When the Food Administrator accused the broker of profiteering, he contended that the sugar could be sold here at any price, as it did not come under the control of the United States sugar equalization board.

Mr. Williams informed the broker that under the Lever law, a conviction with the two years' imprisonment or a fine of \$5,000 or both could be brought. He advised him to notify the Canadian company of the serious shortage here and urge the sale of sugar at reasonable figures. Shortly afterward Mr. Williams was told by a broker that the company's officials had instructed him to ship the sugar back to Canada if he could not get the price they wanted for it.

Williams promptly communicated with B. A. Matthews, assistant United States attorney, who said he would summon the broker before him to-day.

RECORD SUBSCRIPTION CARRIES LOAN TOTAL BEYOND TWO MILLIONS

Victory Drive Here Takes Spurt in Presence of Minister of Finance; Substantial Progress Reported From Island Points

Beginning the second lap of the Victory Loan drive yesterday with a record investment of \$233,050 last night, Greater Victoria passed the two million dollar mark on the way to her \$5,000,000 objective. Including the subscriptions of the city and the Provincial Government, the total investment at the conclusion of yesterday's canvass was \$2,135,500. In other words, at the end of the eighth day of the campaign, two-thirds of the \$3,200,000 Honor Flag quota, and about forty per cent. of the \$5,000,000 objective had been invested.

Yesterday's \$233,050 investment, made by 380 applicants, is the largest recorded during the present drive and, moreover, is \$25,000 greater than the investment made on a corresponding day in last year's campaign. Most encouraging to the heads of the loan drive is the fact that this sum was invested chiefly by the average citizen and not by the prospective large investor who will be canvassed in the course of the week.

Up-Island Points

In the meantime, up-island points are steadily climbing to ward their objectives. Shawnigan Lake district yesterday reached its quota by investing \$13,000. An honor flag and a crest will be sent to the lake to-day. Following were the totals of the various districts as given out at loan headquarters to-day:

Nanaimo, \$160,000, including \$40,000 yesterday; Ladysmith, \$39,000 to date; Parksville, \$25,000; Nanose, \$4,850; Cumberland, \$45,000; Port Alberni, \$23,000; Union Bay, \$4,500; Duncan, \$35,000; Cobble Hill, \$35,000; Chemainus, \$8,500; Courtenay, \$10,000; Cassidy, \$32,000.

A People's Loan.

"The average citizen, the poor man, the man with a small income and the returned soldier is supporting the Loan in splendid fashion," Brigadier-General Clark, Island Loan Chairman observed this morning. "We have absolutely no complaint about the way the Loan is going among the people. We hope now that the rich men of the city, who have large sums which they can invest at good interest and with the best of securities, will accord the loan equal support. They will be given this opportunity this week." (Concluded on page 4.)

LABOR SECURES DECISIVE VICTORY

Sweeping Results in Municipal Elections in England

London, Nov. 4.—Labor's decisive victory in the municipal elections throughout the country is ascribed by the press generally, partly to the apathy of the electorate and fact that the Labor party put real heart into their campaign.

The Times says the chief lesson is the proved existence of an election-winning machine all over the country and notes that the party won successes at such unlikely places as Bath, Brighton, Oxford and Cambridge, sweeping the boards at Gateshead and securing wholesale returns at Bootle.

"People now have other ambitions than merely having local taxes," declares The Daily News. "Indeed, the spectacle of the Premier and the Chancellor of the Exchequer laughingly welcoming budgets of eight hundred million pounds sterling must make petty economies seem unworthy."

The Manchester Guardian thinks army service tends to make privateers of socialism, while the failures of diplomacy and much of our generalship has hastened the disbelief in the present governing classes for a capacity for national leadership.

Strikers Returned.

The police strikers were returned in Liverpool. All three women candidates were returned in Canterbury, but women were not successful for election elsewhere.

J. H. Thomas, the leader of the railwaymen, says the election shows that before long labor is destined to rule the country. (Concluded on page 4.)

CLEMENCEAU'S MESSAGE TO PEOPLE ON EVE OF HIS RETIREMENT

Strasbourg, Nov. 4.—(Associated Press.)—The solution of the many problems the world is now facing may be summarized in the single word "work." Premier Clemenceau declared in his keynote speech for the Government party in the parliamentary elections campaign, delivered here to-day.

The speech also was his farewell message on the eve of the retirement from political life which he contemplates.

His address, he declared, was not a message meant for France alone, but was an appeal to the entire world to renew its labors as they had been performed before the war and produce for the world's needs.

LORD MILNER LOOKS INTO THE FUTURE

Sees Industrial Trouble Ahead But Optimistic on Outcome

London, Nov. 4.—"I simply hate the bombast of drum and trumpet imperialism," said Lord Milner, Colonial Secretary, in an interview in the Sunday Chronicle, "but I have seen in many lands how our empire makes for peace and justice. What worries me is the thought of the chances we are now missing for the immediate outlook is not good. There is much more trouble ahead before the industrial situation can be straightened out. It will doubtless come right in the end. I must admit I can give no logical reason why I think so; it is just instinctive confidence in British shrewdness and their inborn sense of the falsehood of extremes. Deliberate fomenters of trouble may try to induce the British workers to cut their throats but in the end they won't succeed. I do not believe working men will be less proud of the Empire than any other Britons if only they were given some practical illustration of what it stands for, but they have been put off by claptrap about jingoism and flag-waving. I do not say that in building the Empire we have not been serving our own interests too. There is going to be a rare scramble among the industrial nations for raw materials and it is our good fortune that we have so many of those lands under our control."

SIMPSON EXPRESS WRECKED NEAR PARIS; TWELVE WERE KILLED

Paris, Nov. 4.—The Simpson Express, while at a standstill between Pont-sur-Yonne and Sens, about sixty miles southeast of Paris, at ten o'clock last night was run into by a train bound for Geneva. Twelve persons were killed and thirty were injured. The authorities have gone to the scene of the accident.

AUSTRALIAN HOUSE HAS BEEN DISSOLVED ELECTION IN DECEMBER

Melbourne, Nov. 4.—The Parliament of the Australian Commonwealth has been dissolved. Elections for its successor will be held on December 13.

ROWDIES CLASH WITH POLICE AT VIENNA

Jew Baiting Starts Trouble in the Austrian Capital

Vienna, Nov. 4.—Sharp clashes between the police and gangs of rowdies occurred yesterday in Vienna as a result of numerous cases of Jew baiting. In the fighting a number of heads were broken.

For several Sundays past bands of young roughs had taken stations on bridges and insulted or manhandled Jews in orthodox garb. Sometimes the Jews were accompanied by a bodyguard of young Jews in which case fights were frequent. Yesterday the situation became such that the police had to intervene.

PRINCE TO VISIT GOVERNOR GENERAL; THEN TO STATES

Toronto, Nov. 4.—The Prince of Wales will remain in Toronto until Wednesday, when he will leave for Ottawa to visit the Duke of Devonshire, Governor-General, before going to Washington.

SLEEPING SICKNESS

New York, Nov. 4.—Mrs. Dora Mints, who has been sleeping continuously since October 5, is not expected to live. Physicians attending her reported to-day that she is growing weaker all the time and that little hope is held out for her recovery from the sleeping sickness.

BOLSHEVIKS CLAIM THAT ARMY OF YUDENITCH NEAR PETROGRAD IS SURROUNDED

London, Nov. 4.—A claim that the Northwestern Russian army of General Yudenitch, which has been attacking Petrograd, has been surrounded by the Bolsheviks is made in a Soviet Government wireless dispatch from Moscow, dated to-day.

THE CLAIM TO HAVE EFFECTED AN ENCIRCLEMENT OF THE NORTH-WESTERN RUSSIAN ARMY IS PRESUMABLY BASED UPON THE SUCCESSES OF THE BOLSHEVIKS AGAINST THE PETROGRAD-LUGA-PSKOV RAILWAY, BY WHICH THE SOUTHWESTERN COMMUNICATIONS OF GENERAL YUDENITCH WITH HIS BALTIC SEA BASES ARE CUT.

The capture of Luga and Pskov and the comparatively short advance to the southern end of Lake Peipus, a considerable body of water reaching from the vicinity of Pskov to within thirty miles of the Gulf of Finland, would prove an absolute bar to reinforcement southward by General Yudenitch.

Nothing, however, has been received to indicate that the gap between Lake Peipus and the Gulf of Finland has been closed or even that operations threatened General Yudenitch.

UNABLE TO CO-OPERATE

Helsingfors, Nov. 4.—The Finnish Government informed Gen. Yudenitch to-day that it was unable to co-operate with him for the deliverance of Petrograd. (This is the Finnish reply to the appeal of the Northwestern Russian Government for assistance, coupled with a recognition of the independence of Finland.)

PROFESSOR GIVES
DIVORCE REASONSNatural Vanity, Psychologi-
cal, Incompatibility and
Lack of Children

Chicago, Nov. 4.—Hapiness of man and woman is only a secondary affair in marriage, the prime purpose of which is to produce robust children, Professor William J. Durant, of Columbia University, said in a lecture at the Sinal social centre here last night. "Where there are no children there is no marriage," he added.

Free love is impossible, the Professor said, because conquests of a man are praised by other men, "but if a woman had had one free love affair she is held in ridicule and belittled by her associates."

"Most men now marry after they have become incapable of love," the Professor continued, "and then comes your divorce."

"Courts say that divorces are due to cruelty, drunkenness and half a dozen other things, but they are all wrong. The three fundamental reasons for divorce are:

"1. The natural vanity of both sexes.

"2. Psychological incompatibility.

"3. Lack of children."

BOARD OF COMMERCE
TO HEAR ELEVATOR
FIRMS AT OTTAWA

Ottawa, Nov. 4.—The Board of Commerce will hold a sitting here November 14 to hear representations from the terminal elevator companies at Port Arthur with regard to the export of elevator screenings to the United States. Large quantities of these screenings are exported across the line. The effort of the board is to have them retained in Canada for stock feed. It is stated that the cost of bran and shorts is at present very high, and an embargo on the export of screenings would have a tendency to reduce these prices. This matter was taken up at Western sittings of the Board.

GIFT OF SUGAR TO
NEW YORK ELECTORS

New York, Nov. 4.—A three-pound sack of sugar was given to-day to each voter in the 17th election precinct of the second assembly district on the lower East Side by "Jimmy" Kelly, Democratic district leader. The gift was made without regard to the political preferences of the voter.

Fragrant
Coffee

How To Make It

First, use Tricolour, the automatic coffee-maker which requires no attention and never fails, provided you choose

SEAL BRAND

Allow a heaping tablespoonful to each cup. Pour boiling water on the coffee. When filtered, serve. It will be the most delicious coffee you ever tasted.

Use the fine-ground grade of Seal Brand, in 1/2, 1 and 2-lb. air-tight tins. At all good dealers.

See booklet, "Perfect Coffee," Perfectly free on request. Write for it.

CHASE & SANBORN

MONTREAL

DRURY BOOSTING
VICTORY LOANOntario Leader Makes First
Public Address Since
Election.

Barrie, Ont., Nov. 4.—E. C. Drury, leader of the U. F. O.-Labor coalition and Premier-designate of Ontario, last night in this town, made his first public address since his elevation to the position of chief citizen of the Province. The occasion was a Victory Loan meeting and the new leader in Provincial affairs, was given a hearty reception in this, his home town. He was introduced as "Ontario's new Premier, Hon. Mr. Drury." He did not touch at all upon politics nor make any reference to his own recent public address. His address was entirely devoted to boosting the Victory Loan.

"Patriotism at the present time," he added, "is not a matter of sentiment and heroics. That time has all gone past. Patriotism at the present time simply means good business sense."

"That is what is needed to carry this country through the trying days ahead. Certain national crises, from the economic standpoint are ahead of us. The people who put self last during the drastic struggle are going to put the country first to-day."

"I want you to bear in mind first that there is inevitably coming a time of deflation of prices. Secondly, I want you to realize that the only thing we need to fear is an economic condition where it takes too large a share of our products to pay our foreign interest. There is nothing to fear about the amount of money we owe ourselves at home."

"In raising our Victory Loan at home the money comes out of the current expenditures of the citizens who, instead of spending, are retrenching and saving. That is not the least of the great considerations in raising our loan at home; it will help our people to tide themselves over the stringent times which we believe are to come."

"A dollar invested by you in Victory Loan bonds to-day will be worth two, perhaps three dollars in a few years. I speak feelingly now because you know the position I am in at the present moment, and you know the tendency to blame hard times on the Government. The time will come, not very far off, when wages will have dropped and the value of a bushel of wheat will have dropped to one-half the value it is now. In that day your bonds will have twice the present value. It will be worth while in those years to own \$1,000 worth of Victory Bonds."

ENRAGED WOMEN
FOUGHT WITH POLICE
AT YOUNGSTOWN, OHIO

Youngstown, Ohio, Nov. 4.—Bricks and stones flew while deputy sheriffs fought with enraged women when a crowd of 150 women this morning attacked to enter workers from entering the Youngstown Sheet & Tube Company plant here.

Five men and four women were arrested, charged with rioting. No one was seriously injured. Shots were fired from a street near the Ohio works of the Carnegie Steel Company plant this morning and mill guards returned the fire. No casualties were reported.

LABOR MEN ASPIRE
TO ALDERMANIC
HONORS AT WINDSOR

Windsor, Ont., Nov. 4.—The Windsor Labor party, which now has four representatives in the City Council, will nominate six aldermanic candidates and also oppose the re-election of J. H. Sheppard, hydro-electric commissioner, and James Smith, chairman of the water board. A labor man will also aspire to the Mayoralty in event of Mayor Winter not seeking re-election.

RUB LUMBAGO PAIN
OR BACKACHE AWAY

Instant relief from pain, backache, soreness, stiffness, sciatica with "St. Jacobs Liniment."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica, or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacobs Liniment." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin.

Limber up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 50 years. Stop drugging kidneys! They don't cause backache, because they have no nerves, therefore cannot cause pain.

BURNABY WOMAN
COULD HARDLY
CLIMB THE STAIRSMrs. Denchel Suffered From
Shortness of Breath After
Every Meal

"I had suffered until I was almost a complete wreck, and I honestly believe that if it hadn't been for Tanlac I would still have been in that condition to-day," was the statement made in an interview the other day by Mrs. Martha Denchel, who lives at 1330 Twelfth Avenue, Burnaby, B. C.

Continuing Mrs. Denchel said: "A little over a year ago my stomach first began to give me trouble, and I kept growing weaker and weaker almost every day. I soon got to where I didn't care whether I went to the table or not as the most delicious food couldn't tempt me. Then after I had finished what I called a meal of only a few bites, gas would start to form and press up against my heart so bad that I had to almost fight for breath, and if I ever started to walk up stairs I would almost give out before I could get to the top. I had splitting headaches, and at times they nearly drove me frantic, and my back, too, ached every day. I was extremely nervous and finally I got to where I could hardly stand for anyone to be around me, and I suffered so bad from constipation that I didn't have to take some kind of laxative."

"When I began taking Tanlac I had already taken so many different medicines that I did me no good at all, that I had no idea that Tanlac would help me in the least. But Tanlac seemed to be made specially for me, and I could soon tell that I was on the right track, and now I eat any thing I want, digest it perfectly and can breathe as free and easy as I ever could for gas don't trouble me in the least. I have almost forgotten that I ever had a headache, and the pain in my back has completely disappeared. My nerves are steady, and my constipated condition has been relieved. My sleep is sound and restful, and of mornings I feel simply grand, and have gone back to doing all my house work and look on it as a pleasure. Tanlac has certainly been one of the greatest blessings in my life, and I can gladly recommend it and commend it in the very highest terms."

"Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas Avenues."

CURZON ENTERTAINED
SHAH OF PERSIA

London, Nov. 4.—Lord Curzon entertained at dinner Sunday night His Majesty, the Shah of Persia. In a brief speech the Shah expressed his pleasure at the conclusion of the agreement between Persia and Great Britain, which he said, has been the subject of much rejoicing on the part of those who have the welfare of Persia at heart.

DEAFNESS

And Noises in the Head.
If You are a Sufferer—Go to your Local Druggist and order "Caton's Deafness Remedy," price \$1 per tin. This New remedy gives almost immediate relief, and quickly effects a permanent cure. It penetrates to the actual seat of the complaint, and has completely cured many cases which were considered hopeless. If your Chemist does not yet stock "Caton's" do not accept any substitute, but send money order for a supply direct to the "Deafness Remedy Co., 25 Station Road, Croydon, Surrey, Eng., and a package will be mailed per return with full directions.

GOVERNOR'S MEDAL

Kingston, Ont., Nov. 4.—Dean Coleman has received from the Governor-General a beautiful silver medal to be given the student who made the highest standing in the Queen's Faculty of education last term. The medal is engraved on one side with the heads of their Excellencies, the Duke and Duchess of Devonshire, and on the opposite side with the coat-of-arms of their home. At a meeting of the faculty the medal was awarded to Miss Olive Clark, M. A., Hamilton.

COLDWELL AT OTTAWA.

Ottawa, Nov. 4.—James Caldwell, the U. F. O. member-elect for Victoria-Charlotte, N. B., arrived in the Capital last night. It may be a day or two before Mr. Caldwell can take his seat in the House because the writ has not yet been returned to Ottawa, but it is expected that he will be introduced by Wednesday or Thursday.

PORT DE GRAVE RETURNS.

St. John's, Nfld., Nov. 4.—Final returns for Port de Grave show the election yesterday of Crosbie, the Government candidate by a vote of 337. The opposition candidate, Grames, received 668 votes.

PLAGUE AT NEW ORLEANS.

New Orleans, Nov. 4.—Four cases of bubonic plague, two of which resulted in deaths were reported last week in New Orleans, according to announcement to-day by Dr. Oscar Dowling, president of the Louisiana board of health.

FRENCH TRAITOR
IS NOMINATION
OF SOCIALISTS

Paris, Nov. 4.—The public campaign for the election to the Chamber of Deputies of Capt. Jacques Sadoul, the army officer against whom court-martial proceedings for treason are pending in connection with his defection to the Russian Bolsheviks, was begun Sunday night at a meeting of the "Socialist party." Captain Sadoul's name appeared on the programme as "Honorary President" of the meeting, although he is still with the Bolsheviks in Russia.

Capt. Sadoul's friends have initiated legal steps to defer the court-martial until he returns, as he intends to do, it is asserted.

PLANS SUBMITTED FOR
TANK BY AUSTRALIAN

London, Nov. 4.—Corporal Demole, an Australian, submitted plans for a "tank" in 1912 which were essentially similar to those used in the construction of tanks and even better. This admission was made by the Crown Counsel at the resumption of the sitting of the Royal Commission in awards which is dealing with the claims of eleven men, seeking the honor and bounties attached to the invention of this formidable instrument of war.

Corporal Demole, who testified, was informed by the chairman of the Commission that his documents unfortunately were pigeon-holed in the War Office and that the Commission could not report an award to him although the claimant deserved the greatest credit.

WHERE DID IT COME FROM?

The news of the discovery on ships in New York harbor of 13,400,000 pounds of raw sugar which came from a Canadian refinery and was being held for sale at a higher price than is allowed by American law, quite naturally will convert the Canadian public into an animated interrogation point. What is the name of the refinery which sent that large shipment to New York, and when was it shipped? It may have been there a long time, but no longer than we have had Food Controllers and Boards and Cost-of-Living Commissions and so on, and certainly no longer than the time during which sugar has been in urgent demand in Canada.

There have been times in this country during the last few months when there was almost a sugar famine in this country, and it would be of special interest to the Canadian consumer to know all about this consignment of more than 6,000 tons to be used in profiteering at the expense of the New York public. The official who discovered the shipment says he is informed by the broker who was handling it that the Canadian refinery had instructed him to return the shipment to Canada if he could not get the price in New York the refinery wanted for it. We may surmise from this that the consignment was sent out of Canada not very long ago, and not improbably about the time the Canadian public was informed that the supply of sugar on hand was exceedingly limited, and when the Board of Commerce was giving extra special attention to the sugar situation.

Obviously, if the Dominion authorities had maintained a close supervision of the refineries and a check of their operations and their output, it would have been impossible for any of them to ship so large a quantity of sugar out of the country without their knowledge. The Canadian people will want to know all about this affair, and will expect the Government to ascertain and disclose the facts. Fruit is rotting on the ground in many parts of Canada because of the alleged scarcity of sugar.

EDUCATIONAL CHANGES.

Into his retirement from the educational life of the Province Dr. Alexander Robinson, for more than twenty years Superintendent of Education in British Columbia, will take with him nothing but the best wishes and kindest thoughts of those with whom he came in contact throughout his long and useful years in the public service. During more than two decades as executive head of a very important department, Dr. Robinson witnessed the seeds of his early labors yield a product in the shape of an educational system that compares well with anything else in the Dominion. As a keen educationalist he was absorbed in the importance of his public duty. It may be taken for granted that in the less strenuous years to come Dr. Robinson will follow the gradual evolution of the department, recompensed by the fact that he was long and usefully identified with its machinery.

By the promotion of Mr. Samuel J. Willis, B. A., from the Principalship of the King Edward High School in Vancouver to the head of the educational system of the Province, the Department will get the benefit of organizing ability that the public service—and particularly education service—demands of a progressive age. From his early years the new Superintendent has demonstrated a justification for the choice of his profession. Through his long experience in public school, High School and university work in this Province, he has obtained an intimate practical knowledge of our educational needs. Mr. Willis, of course, is well known in Victoria. His record here won for him an enviable reputation which brought about his translation to the University, to be quickly followed by his appointment to the principalship of the largest High School in Vancouver. A successful career as Superintendent of Education, therefore, can safely be predicted for him.

AHEAD OF LAST YEAR.

The subscriptions to the Victory Loan throughout Canada up to last night amounted to \$164,584,650, which was more than \$9,000,000 over the amount subscribed in the corresponding period of the Victory Loan campaign last year. This reflects a general appreciation of the nation's financial need and the advantages of the loan as an investment, in such measure as to point to the attainment of the objective of \$500,000,000. The public realizes that the financial obligations incurred by the country must be discharged, that the work of reconstruction must be carried on in order to insure its successful journey through the critical transition period following the war and to put it on its feet. The sum of \$350,000,000 is to be devoted to demobilization charges, \$57,000,000 will be added to the soldiers' re-establishment and land settlement schemes, \$195,000,000 will be marked for credits for Great Britain and other countries so they may purchase Canadian goods. The whole sum will be expended in Canada, which means that it will find its way back to the public through the various channels of industry.

As an investment the Victory Bond belongs

to the first magnitude. It pays nearly double the interest that is paid by the banks, and it has the strongest security in the country behind it—the security of the whole nation. Hon. E. C. Drury, the new Premier of Ontario, predicts a marked enhancement of the value of Victory Bonds in a few years, when the deflation of prices will have set in and the value of the dollar will be much greater than it is now. It is estimated that the applications for Canadian Victory Bonds from the United States will total \$100,000,000, so it is evident that the shrewd financial interests south of the boundary line are thoroughly alive to this means of laying aside substantial "nest eggs" for the future.

HOUSING SCHEME ADOPTED.

Victoria will participate in the national housing scheme. At least forty houses will be built under the provisions of the British Columbia Better Housing Act at a total cost of approximately \$180,000. The necessary labor involved will provide work for nearly 450 men for a period of three or four months. In the event of the necessity arising it will no doubt be possible for Victoria's allocation to be enlarged should British Columbia's share of the Dominion fund not be fully appropriated by that time.

We commend the special civic housing committee for the brevity and directness of its report, and congratulate the City Council as a whole for adopting its recommendations with dispatch. In the space of two minutes at least two score prospective soldier-householders obtained the answer they wanted and the city of Victoria added the same number of potential permanent contented residents to the community. It should be good business for the city to get the project in operation at once and we venture to predict that in twelve months hence last night's decision will have justified itself.

TRANQUILLE OVERTAXED AGAIN.

There is nothing surprising in the announcement from Vancouver that Tranquille Sanatorium is unable to take care of any more civilian patients until additional accommodation is provided. As we have pointed out on more than one occasion many cases of incipient tuberculosis could have been treated effectively if the long wait for admission to Tranquille had been avoided.

During the past year \$300,000 was expended jointly by Dominion and Provincial Governments on the understanding that the additional accommodation would be set apart for the treatment of military cases. By reason of the large number of civilians undergoing treatment, however, it has been found necessary to utilize a portion of the new pavilion as sleeping quarters for the nursing staff. So that if the terms of the Federal grant are to be lived up to there is no alternative for the institution but to deny entry to new civilian sufferers.

It is not difficult to appreciate the effect of this order now reported by one of the Board of Governors to the Vancouver Board of Trade. The war on the great white plague cannot succeed in this Province unless there is a better understanding on the part of people and Governments of what indifference to the question will mean to the public health in the long run. Educational propaganda can do much to teach the people the rudiments of prevention and treatment in the case of predisposed subjects. But until the state is fully aroused to the significance of the awful toll of human life taken by tuberculosis each year, there will be waiting lists at Tranquille and other similar curative establishments. Tuberculosis is like no other malady. It cannot be played with; but it can be cured under proper circumstances. The dry belt of British Columbia, and Tranquille in particular, promise hope to the sufferer. Without the help of the state, however, only a few may realize the promise of cure.

YUDENICH SURROUNDED?

If the report issued by the Soviet Government is correct the army of General Yudenich is facing disaster. This report claims that the anti-Bolshevik forces have been surrounded following the capture of Luga and other points on the railroad over which Yudenich must retire towards the Baltic. The truth or falsity of the claim, however, will be established in a very short time, for if the gap in the rear of Yudenich's army has been closed and his troops are unable to break through we soon shall hear of their surrender. In any case Yudenich's offensive against Petrograd has been a failure. Likewise Denikine's movement in the direction of Moscow has come to naught, since he has been thrown out of Orel and his army has been forced to make a considerable withdrawal. The Soviet War Office also claims victories over Koltchak's forces east of the Urals.

Yudenich, Denikine and Koltchak are handicapped in their operations by inferior numbers and the inadequacy of their supplies. The Soviet Government has on hand much of the vast quantity of munitions which had been accumulated in Russia at the time of the collapse of the Russian army while, being in power, it has the means of reinforcing its armies. Further, the hostility of the Ukrainian chiefs to Denikine, against whom they recently declared war, seriously compromises the anti-Bolshevik movement from the south. Finally, it is suspected by a large proportion of the Russian people that the real object of the three anti-Soviet generals is the restoration of Czarism.

The prospects are that the Soviet Government is not likely to be overthrown by external forces, especially when they are led by generals who were prominent under the old dynastic regime, any more than the Jacobin cabal in France after the first revolution was overthrown by military operations organized and supported from outside France. Its fall in time more likely will result from an upheaval at home in the same way Robespierre and his associates, after conducting successful campaigns against external forces, were overthrown and sent to the guillotine by those who surrounded them and who resented their methods.

UNCERTAINTY OF WOMEN'S VOTE HAD CANDIDATES GUESSING

New York, Nov. 4.—Uncertainty as to the "woman vote" had candidates of all parties on the anxious seat when the polls opened at six o'clock this morning for the New York State elections for the legislature, supreme court justices and lesser city officials. One of the most interesting fights in the state was centred in Oswego County, where Miss Marion Dyckerman, a school teacher, who served overseas with the Y. M. C. A., was attempting to unseat Speaker Sweet of the assembly.

In New York City the Tammany last night was clean-cut. The Hearst newspapers had lent their backing to the Republicans in a bitter fight to defeat the Tammany candidates. In Nassau County, Lieut.-Colonel Theodore Roosevelt's contest with Private Elias Raff, a tailor's son, for the second assembly district seat was the most interesting feature.

LABOR SECURES DECISIVE VICTORY

(Continued from page 1.)
Further municipal results emphasize the completeness of the Labor victory. This party captured thirty-nine seats out of forty-two in Poplar. Even in fashionable Kensington, six Laborites were returned. Nine were elected in Chelsea. Labor is now the largest party in Bradford and Leeds municipalities. Only about a quarter of the electorate voted throughout London. The poor law boards in the metropolis are already practically dominated by Labor members.

The Evening News suggests the present victory largely represents the general resentment against shop-keeping profiteers.

SPECIAL PRESIDENTIAL COMMISSION PROPOSED TO ARBITRATE STRIKE

(Continued from page 1.)
broad powers of the restraining order prohibiting use of the strike funds would compel the miners to resume work.

Under Military Control
McKinley and Colfax counties, New Mexico, to-day were added to the districts under military control by a martial law proclamation by Governor Larrazola. Federal soldiers took charge as the strike became complete in all mines of the State except those of the Gallup-American Company at Gallup.

Additional troops for possible duty in the extensive Pennsylvania fields were under orders to-day to be ready to entrain at two hours' notice from San Antonio, Texas.

The 35th Infantry will start tomorrow for Camp Lewis, Wash., for strike duty in the Pacific Northwest, an announcement from Camp Travis said.

For duty in Wyoming coalfields 121 or the 21st Infantry to-day were en route from Spokane, Wash.

Military control was established yesterday in all the northern Wyoming coal camps, but it was announced civil officers would continue function.

Additional state troops were sent into the Colorado fields yesterday, their activities centring northwest of Trinidad.

Mines Resume.
Fifteen union mines in the northern fields of West Virginia to-day had resumed production, according to a statement by the West Virginia Coal Association, which asserted that was the first definite break in the miners' ranks.

Coal production in that large producing State was well over 50 per cent, the operators said.

So far the strike has been remarkably free of violence. No instance of threatened damage to property, except in the case of the miner arrested in Colorado, has been reported.

No actual suffering to-day had been reported as due to the coal shortage, but Newton, Ia., was in darkness last night, the electric light plant being shut down when the coal supply was diverted to the waterworks plant. In Nebraska and Montana the shortage also was reported as interfering with routine. Schools in both States not already closed soon must do so unless supplies of fuel are forthcoming.

Statement by Lewis.
Indianapolis, Nov. 3.—Breaking his silence here for the first time since he was served with the restraining order from the court of Federal Judge A. B. Anderson last Friday, John L. Lewis, acting president of the United Mine Workers of America, gave out the following brief statement in regard to the Government's efforts to end the strike of approximately 425,000 soft coal miners:

"The machinery of the joint system of bargaining in the mining industry is intact. It would be a simple matter for the Government and the coal operators again to set in motion to negotiate a wage agreement."

The statement was given to press representatives, following a conference, Mr. Lewis had with his attorney, which lasted practically all morning.

Reports from the Indiana coal district to-day indicate there has been no break in the ranks of union miners. Many miners are helping the farmers in the southwest part of the state to save their lowland crops from high water.

Washington Conference.
Washington, Nov. 4.—Efforts to reach a basis for possible settlement of the strike of bituminous coal miners were made to-day at a conference here between Federal Fuel Administrator Gaffield and J. A.

If you're going to economize, the coal bin is just as good a place as any to start, and the best way to practice coal economy is to buy the best coal possible—a coal that is long in life—free from waste matter and rich in energy—that's

RECORD SUBSCRIPTION CARRIES LOAN TOTAL BEYOND TWO MILLION

(Continued from page 1.)

when we will start to tap our 'A' list of prospective large investors. So far the city has done well. It only remains for the big man to follow the lead set by the average citizen, and we shall reach our objective all right."

The returned men selling bonds at the German Trenches at the corner of Fort and Government Streets are having no difficulty in getting rid of their wares. Up to last night \$250,000 worth of bonds had been sold at the Trenches over which an Honor Flag will float as a result. The boys at the trenches have reached their quota with the drive not half over, and from now on they are going to try to double it.

Will Present Honor Flag.
The Honor Flag won by Sidney will be presented to the residents of the city this evening when three automobile loads of bond chiefs will invade the enterprising community. The party will include the Victory Loan Choir, which, under the leadership of J. B. Warnick, will render some of the Down Ditties and generally help the residents to make merry at a big mass meeting they have arranged.

Brackman-Ker Milling Company Invest \$50,000.

The Brackman-Ker Milling Company, Ltd., has informed the officials at loan headquarters here that it intends to invest \$50,000 in the loan through its various branches in British Columbia. Victoria's allocation of this sum will be \$10,000. The firm, in addition, is giving all assistance possible to its employees in their individual investments.

Salesman T. Beales, of the All-Khaki Victory Loan Team, is making a specialty of handling the loans of returned soldiers who may wish to invest their gratuity money in Victory Loan 1919.

Chinese Free Masons.

The Chinese are now coming through satisfactorily. So far \$15,500 have been signed up, the bulk paid in full; but last night the Chee Kong Tong, (Chinese Free Masons) of 619 Flagstaff Street, at a confirmatory meeting adopted a resolution to support the Victory Loan by the Lodge itself taking \$5,000, and undertaking to secure a further \$10,000 amongst its members, and for this purpose they have deputed Lee Chong, one of their officers to canvass the members to secure the \$10,000. He tells me that he has secured promises of \$4,100 towards the \$10,000 already, and has every confidence that he will be able to secure the rest, and perhaps even to exceed it," says Harry Hastings.

"So many honor flags are being won all over the island, that I hope General Clark will save a good big one for Chinatown, as I have every hope that Chinatown will qualify for the honor at no distant date. I met a Chinese member of the Vancouver Committee last night, and challenged him to a competition in the same proportion as the City of Vancouver's to Victoria, viz. \$2.50 for Vancouver Chinese to \$1.00 for Victoria Chinese.

"Chan Shu Yen, who is one of the Chinese on the Victoria Committee, is at present away in Vancouver, and will return by way of the north end of the island, and I am confidently expecting that he will be handing me

a good number of applications on his return during the week.

Railway Men Invest.

Toronto, Nov. 4.—Employees throughout the system of Canadian National Railways have added another million dollars to the total of their subscription of Victory Bonds to date. The objective set is \$5,000,000 and as there are still many to be heard from, the heads of the C.N.R. bond campaign are confident the workers on the national lines will achieve the high mark set. At noon November 3, the Western Canada Lines had taken up \$481,100; the Central Lines, with the exception of the N.T.C. divisions, \$811,600, and the lines south of the St. Lawrence, including, however, the divisions of the "Transcontinental," \$649,750. This gives a total of \$1,952,450.

Nelson's Contribution.

Nelson, B. C., Nov. 3.—The Victory Loan total in the Nelson district to-night reached \$271,000, the city making a subscription of \$80,000 from its sinking fund. As the allotment for the Nelson district is \$280,000, it is apparent Nelson will earn its flag tomorrow. To-day's total exclusive of the city's contribution, was \$66,000.

SELF-CONFESSED BOY MURDERER IS COMMITTED

Winnipeg, Nov. 4.—Anton Korolyk, aged fourteen, self-confessed murderer of his father, Alexander Korolyk, on October 28, was committed for trial yesterday afternoon in the Provincial Court. He is confined in

Burglary and Theft

Insure against this risk and you can leave your home in perfect comfort and safety.

Rates are low.

Gillespie, Hart & Todd
Tel. 2040. LIMITED. 711 Fort St.

the Provincial jail. His brother, aged eleven, the material witness in the case, is being held in the juvenile detention home until after trial.

At the preliminary trial yesterday before Magistrate Noble, evidence was given as to the shooting of Alexander Korolyk. The shooting took place at 3 a.m., October 28. The father had returned but a few days from having been out harvesting. He, the boys had claimed to the neighbors, made them work very hard and threatened to whip them. According to the evidence of eleven-year-old Andrew Korolyk, the day previous to the murder Anton had loaded an old shotgun which was standing in the barn. When he had questioned him he stated he would "kill his father because the father was going to lick him."

TELL IT TO THEM.

"Money isn't everything in this life."
"Try to convince the profiteers of that, will you?"

Found Guilty—or Charged With Impersonating

The New Edison is on trial charged with impersonating famous operatic stars; and the public, who are the judges have found it GUILTY!

The NEW EDISON

is facing a remarkable charge, viz. that of impersonating famous artists, vocal and instrumental. These charges have been preferred in thousands of Canadian homes, and it is being proved on every hand that this marvelous instrument is actually capable of doing the remarkable things with which it is credited.

MANY INQUIRIES AT PUBLICITY OFFICES

Big Wholesale Concern Con-
templates Establishing
Branch in City

Inquiries have been received by the Victoria and Island Development Association from a big wholesale house which already has established branches in all large centres in Canada as to the possibilities of this city. Upon receipt of the reply, the company will decide whether or not it is considered advisable to locate in Victoria. W. A. McAdam, Publicity Commissioner of the Association, is confident that the facilities offered here will prove sufficient to induce the big concern to locate in the city. In addition to other information sent, Mr. McAdam is forwarding a copy of the Industrial Number recently issued by The Times, and which is replete with information respecting Victoria and Vancouver Island.

Mr. McAdam reports that a great deal of interest is evidenced in Victoria and the surrounding district by people in all parts of Canada and the United States, and the inquiries are coming in fast from men and women of all walks in life. Prairie people in large numbers have signified their intention of making their homes here, and the association is kept busy supplying information on various topics.

The Monetary Times has asked Mr. McAdam to furnish the reading material covering this district for use in its annual review of Industrial Progress. An amazing amount of correspondence is carried on by the Association, and a glance at the mailing list discloses some slight idea of the wide territory covered. The number of personal inquiries is also great, and there are many visitors from all parts of the continent calling at the Development Association offices daily.

ALDERMANIC SARCASM AND RESURRECTION OF HARVEY CHARGES

Aldermen Patrick and Fullerton took the opportunity at last night's meeting of the City Council to recall Alderman Harvey's now famous charges that there was "something wrong" at the City Hall. The Aldermen's remarks were produced by the resignation of J. M. Ackland, Trades License Collector.

"I hope," said Alderman Fullerton, "that this is not another of those resignations of gentlemen who failed to get increases from the Finance Committee and, highly dissatisfied, have decided to quit. I sincerely hope this is not a repetition of past horrors."

Alderman Fullerton's fears were quieted by the Mayor.

"I am glad to hear," Alderman Patrick observed, turning to the representatives of the press, "that there is not 'something wrong' about this resignation, that this is no department head who is resigning because he has received 'unfair treatment,' not one of those gentlemen who, we are informed, was about to get out! It is indeed a relief!"

THRIFTY HAVE NO RIGHT TO KEEP THE UNTHRIFTY, HE SAYS

Interesting advice on the labor situation was imparted to the City Council last night in a letter from J. F. Robertson.

Mr. Robertson feels that there is no need to provide for the needs of the laborers who "have been" employed for the last three years at large wages, and says that at least one-half of laboring men have not really earned the wages they have received. The writer, moreover, opposes the system of relief work offered by the city in previous years. "The thrifty among us have no earthly right to keep the unthrifty," he asserts. "Therefore if the authorities do have to open relief work, it is to be hoped that you will have the work done by contractors, so that the loafers will earn the money they receive, and don't have the same conditions that we had on the Indian Reserve." Mr. Robertson's letter concludes by informing the Council that the insane asylum is the proper place for two well-known local labor leaders.

MOTOR COLLISIONS

Two Automobile Accidents Within an Hour Occur Last Night.

Two automobile accidents occurred early last night, the first being a collision between two cars at 7:30 o'clock on Burnside Road between Blackwood and Wilkinson Roads, when the occupants escaped with cuts and bruises. Wallace Tergeson and his brother were driving into town and A. Wilby was returning. After the crash, Mr. Wilby's car was too badly disabled to run it into the city. Mr. Field, who was with Mr. Wilby, and Mr. Tergeson, were cut by the flying glass.

The second accident took place at 8:30 o'clock at the corner of Pandora Avenue and Quaker Street, when cars driven by C. Alexander and Albert Rylands collided. Mrs. Rylands, who was with her husband, was severely shaken and Mr. Anderson was badly bruised. Neither car was seriously damaged.

A BEDTIME STORY

"UNCLE WIGGILY AND THE STICKERS."
Copyright, 1919, by McClure Newspaper Syndicate.
(By Howard R. Garis.)

Once upon a time Uncle Wiggily, Longears, the bunny rabbit gentleman, was walking about the fields with Billie Bushytail, the boy squirrel.

"Come on, let's have a catch!" cried Billie, and from his pocket he took a ball, which he tossed to Uncle Wiggily.

"Yes, a little ball game will do us good," said the rabbit gentleman. "Of course, if Nurse Jane Fuzzy Wuzzy were here she would say I am too old to play. But go, Billie, throw me a high one!"

The squirrel boy tossed the ball away far up in the air, and when it came down the bunny rabbit caught it in his paws. Then Mr. Longears threw the ball to Billie, and together they had lots of fun, walking and hopping along as they threw the ball.

"It makes me nice and warm," said Uncle Wiggily, whose pink, twinkling nose was now glowing like a log in the fireplace. For the day was cold, since it was nearly time for winter, and Thanksgiving and Christmas were not far off.

Uncle Wiggily reached his paw up to get a ball that Billie had tossed very high when, all of a sudden, some voices down near the ground called: "Oh, look out, if you please! Be careful! You are stepping right on our house!"

Uncle Wiggily and Billie stopped playing ball and looked about them. "I don't see any house," chattered the squirrel boy. "It must be a very small one if we can step on it without seeing it."

"It is a small house, but we like it just the same, if you please," went on the tiny voices, and then Billie and Uncle Wiggily saw a lot of black ants crawling around on the ground near a little heap of sand.

"Is that your house?" asked Billie, pointing to the sand heap, which had a hole in the middle.

"Yes," answered one of the ants, "that's our home, or rather that's the grains of sand we dug out to make our home under ground. This is an ant hill."

"And you very nearly stepped on it!" spoke another ant, looking hard at Uncle Wiggily.

"We are very sorry," said the rabbit gentleman. "I see where we have scattered some of your grains of sand, Billie. Your tail is like a dusting brush. Just sweep this ant hill together again for our little friends."

"Of course I'll do that," chattered the squirrel boy, and with his bushy tail he made the ant hill house nice and tidy again.

"Thank you!" whispered the ants. "We are getting ready to go away deep down in the earth and stay all winter, but until we do go, we need our little sand hill, which is a sort of upper yard to our house."

"Of course you need it," agreed Uncle Wiggily. "Billie and I were so interested catching the ball that we didn't look where we were stepping."

Then, having fixed the ant hill as best they could, the bunny gentleman and Billie hopped on, throwing and tossing the ball. Over the fields they went and, almost before they knew it, they had wandered into a patch of Sticker weeds.

Sticker weeds are the kind that have stickers on, like burs from the burdock plant, only smaller. And in a few minutes of ball-chasing Uncle Wiggily and Billie were covered with the stickers, which stuck not only in their fur but also in their clothes, some even being on Uncle Wiggily's tail silk hat.

"Dear me!" We're all stuck up!" cried Billie.

"Yes, and the stickers are so small, and there are so many of them, that it will take us all day to pick them off!" exclaimed the bunny. "It's too bad!"

IN WOMAN'S DOMAIN

Social Personal

Mr. and Mrs. Dennis Cox, of Oak Bay, have been spending the past few days in Vancouver.

Miss Bertha Winn, teacher of the special class, who has been the special class, and Miss Muriel Grimmer, the school nurse, returned on Sunday afternoon from Vancouver where they have been attending the Child Welfare Convention.

Mrs. Charles Dickens, of Cheltenham, England, who has been the guest of her daughter, Mrs. Harrison, in this city, for the past six months, left Vancouver on Friday on her way to England.

Mrs. A. G. Peake, who has been spending the past two months visiting friends at Thetis Island and Victoria, left on yesterday afternoon's steamer for Vancouver en route for her home in Kamloops. She was accompanied by Mr. Peake who came over from the Mainland on Saturday.

Lieut.-Col. L. P. O. Tudor, of Kamloops, former O. C. of the 5th Battalion, C.E.F., and Lieut.-Col. George French, who was for some time Commandant at Seaford Camp, England, left on yesterday afternoon's boat for the mainland after spending the past week in Victoria, as guests at the Empress Hotel.

Mrs. Alfred Watt, M.B.E., addressed the University Women's Club of Toronto last week. Speaking of her work with the Women's Institutes in England, Mrs. Watt referred to the "simple, homely links that are being forged between the farm women of Canada and the farm women of the Motherland," as a future bond of unity within the Empire.

Nursing Sister Anna E. Hurst, who was formerly in charge at Work Point Hospital, has returned home from overseas after an absence of three years. She was attached to duty at a hospital in England for a time before being sent to No. 10 Canadian Stationary Hospital at Boulogne. Since the armistice she has been on duty at Buxton, England. Miss Hurst is now at her home at 2653 Graham Street.

The annual masquerade ball of the Queen of the Island Lodge, No. 209, L. O. B. A., will be held at the Alexandra Club on "Guy Fawkes" night, November 5, from 8 to 1. The grand march will commence promptly at 9 o'clock. Professor Heaton's five-piece orchestra will furnish the music and a buffet supper will be served. The tombola prize will be a drop-head sewing machine and ten other prizes will be awarded to the best characters and costumes. The prizes are on view in the Broad Street window of David Spencer's, Ltd.

On Thursday last in Vancouver the marriage was solemnized of Sergt. William E. Buckingham, of the 6th Battalion, and Miss Minnie Carpenter, of Hastings, England. The wedding ceremony was performed by Capt. C. Wellesley Whitaker, president of the G.W.A., at the home of Mrs. Bowler, 97 Sixty-sixth Avenue west, South Vancouver. Corpl. David Bowie acted as best man, whilst Mrs. Jenny Bowie supported the bride. The wedding was witnessed by intimate friends of the contracting parties. After a few days' honeymoon Mr. and Mrs. Buckingham will take up residence in Victoria.

A very enjoyable Halloween party was given at the home of Mr. and Mrs. George Mellor, 1126 Oxford Street, their daughter, Miss Margaret Mellor, being the hostess to eleven of her young friends. Those present were the Misses Lorna Jones, Katherine Ray, May Brown, Dorothy Smith and Jean Falkner; Masters Reggie Wood, Douglas Smith, James Muir, Robert Mitchell, Elmer Hummer and Joel Broadwell. The rooms were effectively decorated in black and yellow, with black cats and witches predominating. After playing games and telling "witch" stories, the guests enjoyed a bountiful spread. The table decorations were very attractive. The party broke up shortly before midnight, after a very enjoyable time.

E. A. Morris, of Vancouver, was in the city yesterday.

H. H. Beck, of this city, has been visiting his daughter, Mrs. T. McDonald Lydell, Point Grey, Vancouver, for the past few days.

Miss Flossie Graham has returned to her home in this city after spending the week-end in Vancouver as the guest of her cousin, Miss Jean Graham, Woodland Drive.

Miss David Kier has gone over to Vancouver, where she will spend the next two weeks visiting her uncle and aunt, Mr. and Mrs. W. H. Ker, Pendrell Street.

H. H. Melanson, passenger traffic manager of the Canadian National Railways at Toronto, and R. Creadman, assistant passenger traffic manager at Winnipeg, of the C.N.R., arrived in the city on Sunday en route to Seattle.

At the residence of the Rev. A. de B. Owe, of the Holy Trinity Church, last night, the marriage was quietly solemnized of Chas. Mickleburgh Hearnden, a returned soldier, to Miss Annie Matilda Rodney, of 413 Davida Street. The bride was attended by her sister, Miss Lydia B. Rainey.

Mrs. S. S. Taylor, of Vancouver, entertained at a luncheon at the Shaughnessy Heights Golf Club yesterday in honor of Mrs. J. H. King, wife of the Minister of Public Works. The guests included Mrs. W. A. Macdonald, Mrs. E. W. Chamber, Mrs. S. D. Brooks, Mrs. R. C. Bidlake, Mrs. G. W. Swaisland, Lady Bury, Mrs. George Bury, Mrs. Montzambert, Mrs. C. B. Macneil, Mrs. Robert Macneil, Mrs. R. J. Longden, Mrs. M. A. Macdonald, Mrs. Sutherland, Mrs. W. H. Whalen, Mrs. Allan Fraser, Mrs. Aulay Morrison, Mrs. George Wooster, Miss Bina Taylor, and Mrs. Newton Burdick and Mrs. George M. Lindsay, formerly of Victoria.

Nearly fifty couples participated in the Halloween festivities arranged at the Dallas Hotel last night by the manageress, Mrs. Aldridge and the house guests, and laughter and gaiety held sway until an early hour this morning. The ballroom was effectively decorated in appropriate fashion, orange and black predominating, witches on brooms and grinning pumpkins being used in the decorative scheme. Most of the guests were in masquerade costume. Mrs. Aldridge receiving the guests in a becoming costume representing the "Powder and Patch" period. Dancing took place to the strains of music furnished by Mr. Wickey Newitt's orchestra, and the unmasking was timed for the hour of 10.30. A delicious supper was served in the main dining-room at 11 o'clock after which dancing was resumed. Among the hotel residents who entertained parties were Col. Appleton, Mr. and Mrs. Hotham, Capt. and Mrs. A. C. Fletcher, Mr. and Mrs. Cyril Williams, Dr. and Mrs. Ford and Mrs. Wootton and her daughters.

ST. SAVIOUR'S HOLDS ENJOYABLE CONCERT

Large Attendance at Affair Held in Semple's Hall Last Night

A very successful concert was held by St. Saviour's Church Victoria West, last night in Semple's Hall, in aid of the lighting and heating of the church. Recently plans were made for their installation and the new heating arrangements have already been installed, and the new lighting equipment is now on its way here.

The concert was opened by Rev. Robert Connell, Rector of St. Saviour's, with a few appropriate remarks, and the first item on the programme was then introduced. This took the form of a one-act comedy entitled, "The Sleeping Car," which was extremely amusing and the cast proved exceedingly clever. Those taking part in this play were: Mrs. Roberts, Miss F. Hagenfratz; Aunt Mary, Miss V. Harper; The Californian, Jack Andros; Mr. Edward Roberts, Edgar Wade; Mr. William Campbell, Oliver Jenkins; The Upper Berth, Humphrey Connell; The Porter, Tom Sherwood; The Conductor, Joseph Gard.

The Apollo Glee Club took a prominent part in the programme, rendering some excellent numbers under the leadership of J. H. Fidler, choir-master of St. Saviour's. Among the pieces sung were: "The Sailor's Chorus," "Piccadilly Lullaby," "Please Won't You Be My H.M.," and "Comrades in Arms." There were fifteen male voices in this club and the numbers were exceedingly well delivered the audience applauding repeatedly.

Other interesting items on the programme, which were very well received, were the following: Song, M. Matheson; song, Mr. Javan; recitation, Miss Pottinger; song, Miss Detlor; song, Mr. Blair; song, Mr. Guy.

Catarrh Of The Stomach Is Dangerous

"Thousands Have It and Don't Know It," Says Physician. Frequently Mistaken for Indigestion—How to Recognize and Treat.

"Thousands of people suffer more or less constantly from furred, coated tongue, bad breath, sour stomach, stomach, bitter vomiting, rumbling in stomach, frequent eructations, gas, wind and flatulence, and call it indigestion, when in reality their trouble is due to gastric catarrh of the stomach," writes a New York physician.

Catarrh of the stomach is dangerous because the stomach lining is inflamed, the stomach is thickened and a coating of phlegm covers the surface so that the digestive process is hindered and the food is not properly digested. This condition soon breeds deadly disease in the fermented, unassimilated food. The blood is polluted and carries the infection throughout the body. Gastric ulcers are apt to form and frequently ulcer is the first sign of a deadly cancer.

In catarrh of the stomach a good and safe treatment is to take before meals a teaspoonful of pure Bismuth Magnesia in half a glass of hot water as hot as you can comfortably drink it. The hot water washes the mucus from the stomach and draws the blood to the stomach while the Bismuth Magnesia is an excellent solvent for mucus and increases the efficiency of the hot water treatment. Moreover the Bismuth Magnesia will serve as a powerful but harmless cathartic which will neutralize any excess hydrochloric acid that may be in your stomach and sweeten its food contents. Easy, natural digestion, without distress of any kind should soon follow. Bismuth Magnesia is not a laxative, is pleasant and easy to take and can be obtained from any local druggist. Don't confuse Bismuth Magnesia with other forms of magnesia, milks, citrates, etc., but get it in the pure Bismuth form (powder or tablets), especially prepared for this purpose.

THEATRE MANAGER AND BRIDE HONORED

The staff of the Royal Victoria Theatre and friends to the number of 100 gave a midnight supper on the stage of the theatre to the manager of the house, Clifford Denham, and his wife, who have just returned from their honeymoon. When the evening show was over and the crowds gone the curtain went up and revealed a wonderfully decorated dining room on the stage. After the supper H. A. Goward, master of ceremonies, presented from the staff to Mr. and Mrs. Denham a chocolate set with silver tray.

After the presentation the stage was cleared and there was dancing. The Royal orchestra, augmented for the occasion, provided the music.

WILL ARRANGE RENDEZVOUS AT JELICOE BALL

The novel idea of having appointed rendezvous in the ballroom, lounge and writing rooms of the Empress Hotel next Monday will be introduced at the Jellicoe ball on Monday next. Dance programmes will be provided in these, so that partners may note their particular rendezvous. Mention need only be made that Heaton's specially selected and augmented orchestra and Rumsby's noted G. W. V. A. band will be in attendance, for dancers to realize they will have all they can desire in the musical line.

SPOKE TO THE WOMEN'S CLUB

REV. J. L. BATTY

of the Centennial Methodist Church, who addressed the members of the Women's Canadian Club this afternoon on the subject of "An Englishman's View of Canada."

BIG DEMAND FOR TABLES AT AERIAL LEAGUE CABARET

Tickets for the cabaret to be given on November 19 in aid of the Aerial League of Canada, are now on sale at Wilkerson's Jewelry store at the offices of the Aerial League of Canada, or from Gordon A. Cameron or R. G. Christy. Table reservations at the cabaret will be under the personal direction of Oscar Steyn, formerly of Tal's Cabaret, San Francisco, and for a time at the Tavern in Seattle. The Western Cabaret Review will be accompanied by their own seven-piece "Jazz Band," which is the present rage for dancing. Mr. Steyn says the musicians "are never still for a minute and even detract one's attention from dancing to watch their antics." This will be the first real jazz band that Victoria dancers will have had the opportunity of dancing to. The cabaret performers are of particular high calibre, and include Lillian Bowers, who will feature in high class dancing; Neva Latham, musical comedy prima donna; Babe Turner, comic shouter, and Blanche Hall, soprano.

Dancing will commence at 9 p. m. and continue until 2 a. m. Mr. Steyn is drawing up a programme of dances will be announced at a later date.

Agnes Deans Cameron Chapter—At the regular monthly meeting of the Agnes Deans Cameron Chapter, I.O.O.F., yesterday, the members passed a resolution to the effect that as the late Miss Cameron had devoted her life to the cause of education, the Chapter commemorating her name would devote the bulk of its finances and energies to a similar work. Accordingly the members will present a library to the South Park School, in addition to pictures to the South Park and Beacon Hill schools. The Chapter has also in hand the furnishing of a room at the Jubilee Hospital. Mrs. David Miller gave an excellent report of the National Chapter meeting in Montreal, for which she was accorded a hearty vote of thanks. Mrs. Colman was presented with a war workers' badge in recognition of her loyal work during the past three years. The meeting decided that its monthly gift to the Y.W.C.A. should be the book "The Road to Understanding."

Homeward Bound—The British Columbia Returned Soldiers Commission, Parliament Buildings, has been advised by telegram from the O. C. Clearing Service Command, Halifax, N. S., that the following party from the Royal George arrived there on November, and left on the same date for this district: For Victoria—Pte. C. Peers, c/o Mrs. R. E. Burns, 672 Niagara Street; R. S. M. J. Smith, c/o Y. Thorne, Royal Oak; P. O. Sgt. J. D. Roberts, c/o F. E. Atkins, R. M. D. No. 4; Cpl. F. H. Davey, Washington Avenue; E. Patterson, 1353 Pembroke Street.

Condemned Houses.—The City Council will sit as a court of inquiry at the City Hall on Friday morning to hear protests against the condemnation of fifty-two buildings which the Health Department decided are so dilapidated as to be a menace to the public health.

It is but natural that a man should get hot when others "roast" him.

GREAT INCREASE IN DRUG IMPORTS

Canadians Are Using More
Narcotics Than Ever
Before

One of the most startling sets of statistics presented to the recent conference of the Dominion Council of Health is a tabulated statement dealing with the tremendous increase in the importation of drugs into Canada. A copy of the minutes of the Council's deliberations which has just reached Dr. H. E. Young, Secretary of the Provincial Board of Health, and, automatically, a member of the Dominion Council, shows the quantity and value of imports in respect of cocaine, morphine, opium (crude) and opium (powdered) for the fiscal years 1912 to 1919, both inclusive.

For instance, in 1912 only thirty-five ounces of cocaine were imported. In 1914 the figure had jumped to 1,025 ounces; in 1916 to 5,391, and in 1919 12,333 ounces, with a value of \$142,123. The amount of morphine imported in 1912 is given as 440 ounces. In four years the figures increased to 14,495 ounces. In 1917 54,215 ounces were imported. In the case of morphine, however, there is a considerable reduction shown both in 1918 and 1919. This year, for example, the amount is placed at 30,887 ounces with a value of \$179,185.

Crude opium has steadily increased in volume of importation, however, the total did not exceed 5,017 pounds, until it reached this year 34,263 pounds with a value of \$53,455. In respect of the powdered product of the poppy there has been a decrease since 1912 by approximately half the amount, 123 pounds being the figure for this year's entry.

Dr. Young stated to The Times this morning that the figures were looked upon with a good deal of alarm by the Council, and after an exhaustive discussion as to the best means of controlling these drugs the three following suggestions were proposed: (a) A Government purchase for distribution to legitimate dealers; (b) licensing a limited number of wholesale houses; (c) limiting ports of entry. Of these three courses the Council unreservedly advised the first one. Since the Government has favored the licensing plan.

VANCOUVER BOWLERS WIN

The third telegraph match between the Victoria and Vancouver bowlers and Vancouver all star was played on Saturday night ending in a win for Vancouver by 253 to 157. The following represented Victoria:

1st	2nd	3rd	Game	Game Tl. Ave.
Fairall	132	158	158	132
Moulton	177	145	146	148
Taylor	143	151	171	145
Buckle	117	135	161	143
Wilcox	137	158	115	142
High score, Moulton, 177; high average, Moulton and Fairall, 156.				
Vancouver—First game, 821; second game, 301; third game, 235. Total, 2,558.				

To the Electors of the City of Victoria

Before leaving the city to again take up my duties at Ottawa as your representative and the responsibilities of the position to which I have been called, I wish to take advantage of this opportunity to thank all those who succeeded in placing me at the head of the poll at the recent by-election. I can assure you that I most deeply appreciate the confidence that you have imposed in me.

I also wish to express my keen appreciation to those who composed the working committees of my supporters, and who rendered such valuable services, both during the campaign and on election day, as well as to the speakers who appeared on the platform at the various meetings in my behalf.

To those also who were generous enough to place their motor cars at my disposal, or otherwise assist me on election day, I desire to extend my sincere thanks.

I am also greatly indebted to the press of the city and wish to extend my heartfelt thanks to them. The clear-cut and business-like manner in which they placed the issues before the electors for their consideration was an invaluable aid in securing the splendid majority which was accorded me on October 27.

Towards my opponents I bear no ill feeling whatever, and having been elected to the responsible position as the representative of all of the electors of the city of Victoria, I shall use my best efforts to represent them without favor to the best of my ability.

I have taken a very pronounced stand in the past with regard to the development of the industries of Victoria and vicinity, and also fully recognize the great opportunities there are in fostering the tourist traffic. I shall continue to press the claims of our city along these lines in the future as I have done in the past.

I feel that what the unemployed Canadian wants is an opportunity to work at remunerative wages and under satisfactory conditions. This can only be met by the development of our industries and agriculture.

I shall continue to render service to the returned soldiers and their dependents to the fullest possible extent, because I feel that they are deserving of every consideration that it is possible to extend to them.

Yours faithfully,
S. F. THOMAS

NEWS AND NOTES OF THE MINES

Silver Fox Group.
For the development of the Silver Fox group, the property of Chas. S. Anderson located on Taltapin Mountain in the Babine, the recent bonding of which was mentioned in The Interior News, the Taltapin Mining Company, Limited, has been formed. The head-office of the company is in Vancouver, and the directorate is comprised of Vancouver business men, Mr. A. Wallace, of the Wallace Shipyards, being president, while Mr. A. Wood is managing director.

Mr. Wood arrived at the property last week, and after some preliminary returns to Burns Lake, where he is situated for the establishment of camp for construction of a road to the property.

The ore on the Silver Fox runs very strong in silver with good values in lead and copper, the main showing consisting of a vein which is cut by Fifteen Mile Creek and is exposed for some seventy-five feet, while the showing is said to be traceable to other sections of the property, which consists of seven claims.

At the point of strongest exposure, which is in the rock forming the walls of the creek, the vein is eight feet wide and the first activity in a mining way will be the exploration of this showing with a tunnel. The vein carries four feet of very high grade shipping ore, a recent sample submitted to the P. W. Thomas assay works, Vancouver, showing 1.09 ounces of gold, 321.25 ounces of silver, 4.89 per cent. copper and 12.25 lead. Assays from the four feet of low grade returned a trace of gold, 6.62 in silver, 4.41 copper and 14.50 lead.

In the plans of the company provision is made for a concentrator. Should the surface showing carry to depth they will have a valuable concentrating proposition as well as the rich shipping ore which can be handled economically over the route to Burns Lake.

Mr. Wood has a clear cut and positive plan of work, which he has started to unfold with an enthusiasm and energy that is most hopeful.

To Treat Concentrates

In order to keep the electrolytic zinc plant at Trail working during the shut-down of the Sullivan Mine at Kimberley owing to the strike there, the Consolidated Mining and Smelting Company has arranged to treat various slotted concentrates during the next two or three weeks, says The Nelson News.

The Rambler-Cariboo at McLaughlin has 500 tons of concentrates which it began to ship Monday. The Standard at Silverton sent off six barges on Monday. Its accumulated zinc concentrates amount to 300 tons and it is adding thirty tons a day. The Echo at Silverton will also contribute 350 tons.

The settlement price is 2c per pound for the zinc, seventy-five per cent. of the zinc content being paid for when the ore runs fifty per cent. zinc, and one and one-half per cent. being deducted for every unit the ore is under fifty per cent.

The settlement for silver is the New York price on the day of sampling, fifty per cent. of the silver content being paid for, this rising to sixty per cent. if the silver content is thirty ounces or over per ton.

A large quantity of zinc concentrates has been accumulated by the Roseberry-Surprise Mining Company, but it has not accepted the Consolidated's proposition up to the present.

Copper Mountain

At a recent function in Princeton, H. R. Van Wageningen, general manager of the company, made a short address in which he outlined what had already been done and what would shortly be accomplished. It was because of immense deposits of low-grade ore in Copper Mountain that the company had decided to place its main works there. The ore is similar to that found at Anyox and Britannia.

There are 10,000,000 tons of it in sight, and an additional 2,000,000 tons semi-proved, added to which would be the ore at depth. This assures steady production for many years. The equipment essential for operating a mine of this character had been assembled. There is to be a mill at Allenby, five and a half miles from Princeton, and the mill would represent an investment of \$1,000,000. It would have an initial capacity of 2,000 tons of ore per day, which can easily be increased to 5,000 tons. The mine, seven and seven-tenths miles from Princeton, would give employment to upwards of 450 men. Then, with their families, for whom houses would be built, would be the nucleus of a new mining town of 700 people. From 100 to 150 men would be engaged in the mill, and, as these are generally permanent employees, it means a substantial addition of nearly 400 to the population of Allenby. The establishing of two thriving towns in territory tributary to Princeton will naturally be of immense benefit to that place and justify rapid growth.

The West Kootenay Power Company is supplying the power to operate the works from its plant at Bonington Falls, and the Kettle Valley Railway Company will build the necessary spur line. Labor difficulties have retarded these operations, but as soon as they are completed the work of recovering the ore will commence. The railway company's expenditure on spurs and equipment will be \$2,550,000, and the power company will spend \$250,000. Thus it would appear that about \$2,800,000 will be invested in the Princeton district, consequent on the decision to convert Copper Mountain into cash. The cost may benefit considerably through the purchase of supplies and transshipment of the product.

Copper Production.

Copper produced in 1918 cost

VANCOUVER PASSED FIVE MILLION MARK

Vancouver, Nov. 3.—With an aggregate of more than \$5,000,000 subscribed to the Victory Loan during the first six days of the drive, Greater Vancouver has created a record for the first week of any drive. The exact amount of bonds sold up to Saturday night has not been officially counted up to noon to-day, but it is well over \$5,000,000 mark, officials state. Sir Henry Drayton spoke at the noon luncheon of salesmen to-day.

NEW QUARTERS FOR SOLDIERS' COMMISSION

Although generally regarded as merely an incidental factor in re-establishment problems, the work carried on by the Provincial Returned Soldiers' Commission has grown to such an extent that its headquarters staff at the Parliament Buildings has been compelled to look for more roomy quarters where the increasing business of the returned man may be dealt with more effect and, if that is possible, greater dispatch.

As soon as the Government architect has passed upon the necessary plans for alteration, the office previously used by the provincial representative of the Canadian Patriotic Fund will be converted for the use of the Commission. It is situated in the annex at the corner of Government and Superior Streets, which now houses the Land Settlement Board and the Victoria branch of the Workmen's Compensation Board.

To Help Nature Shed a Bad Complexion

Beauty devotees are enthusiastic over the beautifying qualities of mercolized wax. Nothing discovered within recent years accomplishes so much, so quickly, without harm, at such small expense. The principal reason for its wonderful merit is that it works in harmony with physiological laws. Instead of hiding complexion defects, it removes them, it actually takes off the aged, faded, sallowness, freckled or blotchy surface skin—gently, gradually, causing no inconvenience. It is Nature's way of renewing complexions.

When the natural process is retarded because of deficient circulation or nerve tone, mercolized wax comes to the rescue and hastens the skin shedding. The new complexion which appears is a natural one, youthful, healthy, exquisitely beautiful. If you've never tried mercolized wax, get an ounce of it at the drug store, use at night like cold cream, washing it off in the morning.

HOUSE DEMAND KEEN

Everything Occupied in Southern Part of City; Small Homes Wanted in North End.

Although the winter is under way persons are still making the rounds of real estate offices looking for houses to rent. Real estate men say that the demand is not as acute as it was three weeks ago, but no house is given an opportunity to remain empty for many days or even hours.

In the northern part of the city the demand for small houses is insistent on the part of persons now occupying less desirable dwellings who are anxious to get something better.

In the southern part of the city, notably in the Fairfield district, there is a keen demand for good medium priced houses from prairie people and others. It is impossible to rent houses in this part of the city although there are many that can be bought if the price is paid.

NEWS IN BRIEF

Dog Shortage Now.—A serious shortage of stray dogs around the city is mystifying officials at the City Hall who are keeping an eye on the revenue accounts. At the beginning of the year it was estimated that the dog collecting department of the pound, which is under the control of Alderman John Harvey, would bring in a revenue of \$5,000. So far only \$2,732.50 has come in. At the City Hall it is explained that the reason for the collections not coming up to expectations is the scarcity of homeless canines. One cause of this, it is said, is the fact that during the last twelve months, through the effective work of the poundkeeper, one thousand dogs have been taken in and destroyed. For some reason or other this void in the city's animal population has not yet been filled.

Address on Public Health.—J. W. Borden spoke at the First Unitarian Church Monday evening on Public Health. He advocated government control of the public hospitals. Next Sunday, Madame Sanderson-Mongin will speak on "Lafayette."

Tag Day Results.—As a result of the tag day held on Saturday in aid of the dogs, and other animals in the battle areas, the local Humane Society succeeded in raising about \$400. The society wishes to express its gratitude to all those who assisted.

BUY, BUY VICTORY BONDS, or bye bye Prosperity.

POLICE BALL WILL BE BIG FUNCTION

Expected Over 2,000 People
Will Attend Affair on
November 20

Great preparations are under way for the grand Police Ball to be given by the local force at the Willows on November 20. Everything is being done to ensure that this year's event will prove the biggest success ever staged in this line by the local police force.

So many of the members of the force who volunteered for overseas service have returned and the dance will afford the first real opportunity of making merry in their honor, that the ball this year will have a doubtless significance.

The main hall at the Agricultural Fair Grounds will be used solely for dancing this year and the Women's Building, directly opposite, will be fitted up for the catering and as a cloak room. There will be a covered way from one building to another so that the dancers may be protected against inclement weather.

Over two thousand people will attend the ball, it is expected. Inquiries at police headquarters to-day showed that over four hundred double tickets have already been sold, which means an attendance of nearly 1,000 already guaranteed. Ticket sales are good, reports the ticket selling committee, which is composed of Constables Harper and Burnett. Tickets may be obtained at various places in town, including the Police Station, Fisgard Street.

The management committee includes Driver Caldwell, chairman, and Constables McEldan and Anderson. George Varney is the secretary. All committees are taking a very deep interest in promoting the ball, which is by far the biggest annual social event of the kind.

The decorations are in charge of Mr. Richards, the well-known decorator, and this part of the programme will be carried out on an elaborate scale. A gang of men has been working for some time on the electrical and plumbing arrangements.

Twenty-five pieces will furnish the music, and all the latest hits are being obtained from New York especially for the occasion.

Particularly Good Values in Women's Navy Blue Suits

WHEN the fineness of quality, the splendid workmanship and the deserving styles which these models reveal is considered, women will recognize in them suits that are eminently desirable in every way.

They are offered in semi-tailored and novelty styles in sufficient variety to ensure satisfactory selection.

A very unusual value is represented in a Suit of navy wool velour. Made in a smart novelty style, with convertible collar and small panels at the side and back. Trimmed with silk stitching and buttons—\$49.50.

A Suit designed along severely straight lines, but exceptionally smart, is of navy serge. The only trimming is rows of buttons—\$67.50.

Distinctive model of navy tricotine. The coat has a box pleat down the centre of the back and is edged with black military braid—\$55.00.

Women who desire a navy blue suit of exceptional merit will find in this an unusually handsome model. It is developed from a high grade navy tricotine, the coat having a vestee of duvetyne in castor brown—\$115.00.

Flannelettes—Serviceable Qualities and Weights

White Flannelette, 28 inches wide, 30¢ a yard.	Horrockses' White Flannelette, 36 inches wide, 75¢ a yard.
White Flannelette, 30 inches wide, 35¢ a yard.	Striped Flannelette, 31 inches wide, 35¢ a yard.
White Flannelette, 33 inches wide, 45¢ a yard.	Striped Flannelette, 36 inches wide, 50¢ a yard.
Horrockses' White Flannelette, 34 inches wide, 65¢ a yard.	Horrockses' Striped Flannelette, 36 inches wide, 65¢ a yard.

Women's Fine Quality Heather

Mixture Hose

Cashmere Hose in brown and green heather mixture, \$1.50 a pair.
Heavy Cotton and Wool Heather Mixture Hose, in blue grey, \$1.25 a pair.
Fine Quality Silk and Wool Hose, in grey and brown, \$3.75.

BAN ON CELEBRATION CREATES INDIGNATION

Berlin, Nov. 3.—There is much indignation among the industrial population of Munich as the result of a military order prohibiting the public celebration of the first anniversary of the German revolution, which for Bavaria is November 7. Trades unions, advised from Munich state, are threatening a general strike unless the order is rescinded.

20 Trials Free To Show You What Clean Teeth Mean

All Statements Approved by High Dental Authorities

Look Now

See how the teeth's whiteness is dimmed by film. Perhaps tartar has formed in some places.

Look Later

See how the teeth have whitened—how the film has disappeared.

This is to offer you a 10-Day Tube of Pepsodent—the pepsin tooth paste which combats the film.

Able authorities have proved the product by clinical and laboratory tests. The results are beyond any question. Leading dentists everywhere are now urging its adoption.

We ask you to prove it by a 10-day test. Do this for your sake and your children's sake. See for yourself how it will help you to cleaner and whiter teeth.

Film Wrecks the Teeth

That slimy film which you feel on your teeth causes most tooth troubles. Every modern dentist knows that. And for years dental science has sought a way to combat it.

Film is what discolours—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea.

Now science knows a way to combat it. The way is embodied in a dentifrice called Pepsodent. It is now used daily on millions of teeth, largely by dental advice. To those who don't know it we supply a free tube, so they may find it out.

Old Ways Don't End It

This film is clinging. It enters crevices and stays. The tooth brush doesn't end it. The ordinary tooth paste does not dissolve it. That's why millions find that well-brushed teeth discolour and decay.

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

But pepsin must be activated, and the usual agent is an acid harmful to the teeth. So this method long seemed barred. Now science has found a harmless activating method, and teeth can now be daily cleaned as they never were before.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

This means more than pretty teeth. Compare your teeth now with your teeth in ten days and decide what is right for yourself. Cut out the coupon now.

SIR FRANK BARNARD TO TAKE CHAIR AT TO-NIGHT'S MEETING

Sir Frank Stillman Barnard, Lieutenant-Governor of British Columbia, will take the chair at the mass meeting in the Empress Hotel to-night, when Sir Henry L. Drayton, Federal Minister of Finance, will speak on the Victory Loan. Hon. S. F. Tolmie, Minister of Agriculture, who, it was announced, would take the chair, has found it impossible to be present.

WAS HIDDEN WEALTH CAUSE OF CRIME?

(Continued from page 1.)

gard Street adjacent to Theatre Alley. Four of these rooms are occupied, the others being locked by men who are away working at the canneries. Wong Sam Yuen, the murdered man, occupied room 8 at the head of a dark and narrow stairway running at right angles to the entrance on Theatre Alley.

Quon Hin Jung, the accused, occupied room 6, around a bend in the dark corridor from room 8. It appears that Quon Hin Jung, who is a Chinese, had been working at the canneries about six weeks ago. He apparently did not deposit any money with the landlord so, in his absence, the landlord rented his room to the murdered man.

Wanted Room Back.

Upon Jung's return three or four days ago from Vancouver, where, apparently, he had gone to be paid off, he demanded that he should be given his room back, but the murdered man refused to give it up. It is alleged that he made the claim that as he had paid the rent for it, he saw no reason for doing so. A considerable number of disputes ensued, which situation has been going on ever since, and up to the time of the tragedy.

Yesterday afternoon between four and four-thirty o'clock, apparently there was no one upstairs but the two men concerned, and from the way in which the murdered man was shot, it would seem that he was just going out with a pole over his shoulder and a bag full of bottles on each end when he was shot from behind.

Smoking a Cigarette.

Wong was descending the stairway with a cane cigarette holder in his mouth smoking a cigarette, entirely unsuspecting what was about to happen when the noise of a shot reverberated through the building and a soft-nosed bullet from a 32-40 Winchester rifle pierced his body, and he fell headlong to the foot of the stairway. Oddly enough, there are just exactly thirteen steps in the stairway.

At the moment an old man who occupied the room adjoining that of the murdered man, had just returned after doing some shopping and he was within a yard or two of the entrance on Theatre Alley when he heard the shot, immediately followed by the rattle of the bottles and the thud of the body as it struck the treads falling down the stairs.

Almost immediately after the body had crumpled up at the foot of the stairway the old man saw Jung with a gun in his hand emerge from the doorway, and walk quickly toward Flagard Street.

The occupant of a store on the corner of Theatre Alley and Flagard Street also heard the noise, and opened his door to see what caused the trouble, when he also saw the man walk along rapidly with a gun in his hand, going toward Douglas Street.

Apparently no one paid any attention to the movements of the man with the gun. It is supposed that Jung went up Flagard Street to Douglas Street and turned down Fan Tan Alley to Cormorant Street, for the next heard of him is from two little Chinese girls who were sitting in their grandfather's store at 525 Cormorant Street, the grandfather, by the way, being the landlord of the building where the tragedy was enacted.

Disposed of Gun

The girls saw a man come in without a hat, apparently in great haste, open the door about three parts of the way, enter and deposit something that looked like a gun in the front corner by the door, cover it up with some small plants lying in the same corner and immediately hurry out, walking toward Store Street.

The girls then went to attend their class at the Chinese school. Later a hue and cry was raised in Chinatown that a murder had been committed, and the girls got frightened and went home and told their grandfather about the strange actions of the man who had entered his shop. The police were notified and they took possession of the rifle found in the corner, which was a brand new Winchester 32-40, having one shell empty in the breach and the chamber full. In the meantime the man had disappeared.

About 7.30 o'clock last night the police thought it desirable to lock up the place where the murder had been committed, and an officer was stationed at the doorway to prevent anyone going in or out. Previous to making this move, however, it would appear that Quon Hin Jung, seeing the coast was clear, returned. It is thought he went back to get some valuables before disappearing. He had gone upstairs and found his room locked.

Arrest Follows.

He was in the very act of descending the stairs, and was just about to leave through the doorway where the body was lying when the police arrived and he walked right into their arms. If he had been a few minutes earlier he would have escaped, or, if the police had been a few minutes later, they would have missed him.

The police had no instructions to arrest anyone found on the premises and they ordered Jung to go back upstairs. In the meantime, the detective force had decided to make a

thorough search of the rooms occupied by the alleged murderer and the murdered man, to see if they could unearth some deeper reason for the murder.

The officer on watch at the doorway informed the detectives about the man who had been trying to get into Room 6, which was Jung's room, so the detectives immediately took him in charge. Several witnesses identified him as the man who had figured in the story above related, and he was taken to the Police Headquarters.

When the accused was searched at the police station, a live 32-40 soft-nosed bullet, Winchester, was found in one of his pockets, similar to those

OFFICIAL PROSPECTUS

"The Bridge from War to Peace" —The Prince of Wales.

THE MINISTER OF FINANCE OF THE DOMINION OF CANADA offers for Public Subscription the

Victory Loan 1919 300,000,000. 5½% Gold Bonds

Bearing interest from November 1st, 1919, and offered in two maturities, the choice of which is optional with the subscriber as follows:

5 year Bonds due November 1st, 1924

15 year Bonds due November 1st, 1934

Principal payable without charge at the Office of the Minister of Finance and Receiver General at Ottawa, or at the Office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary and Victoria.

Bonds may be registered as to principal or as to principal and interest, as hereinafter provided, at any of the above-mentioned offices.

Interest payable, without charge, half-yearly, May 1st and November 1st, at any branch in Canada of any Chartered Bank.

Principal and Interest payable in Gold

Denominations: \$50, \$100, \$500 and \$1,000

Issue Price: 100 and Accrued Interest, Income Return 5½% per Annum

The proceeds of the Loan will be used to pay indebtedness incurred, and to meet expenditures to be made in connection with demobilization (including the authorized war service gratuity to our soldiers, land settlement loans, and other purposes connected with their re-establishment into civil life), for capital outlay upon shipbuilding, and other national undertakings forming part of Canada's industrial reconstruction programme, and for the establishment of any necessary credits for the purchase of grain, foodstuffs, timber and other products, and will be spent wholly in Canada.

Payment to be made as follows:

10% on application: 20% January 9th, 1920;
20% December 9th, 1919; 20% February 10th, 1920;
31.21% March 9th, 1920.

The last payment of 31.21% covers 30% balance of principal and 1.21% representing accrued interest at 5½% from November 1st to due dates of the respective instalments.

A full half-year's interest will be paid on May 1st, 1920, making the cost of the bonds 100 and interest.

Subscriptions may be paid in full at the time of application at 100 without interest, or on any instalment due date thereafter together with accrued interest at the rate of 5½% per annum.

This Loan is authorized under Act of the Parliament of Canada, and both principal and interest are a charge upon the Consolidated Revenue Fund.

The amount of this issue is \$300,000,000, exclusive of the amount (if any) paid for by the surrender of bonds of previous issues. The Minister of Finance, however, reserves the right to allot the whole or any part of the amount subscribed in excess of \$300,000,000.

Payments

All cheques, drafts, etc., covering instalments are to be made payable to the Credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture, and the allotment to cancellation. Subscriptions other than those paid in full on application must be accompanied by a deposit of 10% of the amount subscribed. Official Canvassers will forward subscriptions or any branch in Canada of any Chartered Bank will accept subscriptions and issue receipts.

Subscriptions may be paid in full at time of application at 100 without interest, or on any instalment due date thereafter, together with accrued interest to time of making payment in full. Under this provision, payment of subscriptions may be made as follows:

If paid in full on or before November 15th, 1919, par without interest or 100%.

If remaining instalments paid on Dec. 9th, 1919, balance of 90% and interest (\$90.52 per \$100).

If remaining instalments paid on Jan. 9th, 1920, balance of 70% and interest (\$70.84 per \$100).

If remaining instalments paid on Feb. 10th, 1920, balance of 50% and interest (\$51.08 per \$100).

If remaining instalment paid on Mar. 9th, 1920, balance of 30% and interest (\$31.21 per \$100).

Payment of instalments or payment in full after November 15th, 1919, can be made only on an instalment due date.

Denomination and Registration

Bearer bonds, with coupons, will be issued in denominations of \$50, \$100, \$500, and \$1,000, and may be registered as to principal. The first coupon attached to these bonds will be due on May 1st, 1920.

Fully registered bonds, the interest on which is paid direct to the owner by Government cheque, will be issued in denominations of \$500, \$1,000, \$5,000, \$10,000, \$25,000, \$50,000, \$100,000, or any multiple of \$100,000.

Payment of Interest

A full half-year's interest at the rate of 5½% per annum will be paid May 1st, 1920.

Form of Bond and Delivery

Subscribers must indicate on their applications the form of bond and the denominations required, and the securities so indicated will be delivered by the bank upon payment of subscriptions in full.

Bearer bonds of this issue will be available for delivery at the time of application to subscribers desirous of making payment in full. Bonds registered as to principal only, or fully registered as to principal and interest, will be delivered to subscribers making payment in full, as soon as the required registration can be made.

Payment of all instalments must be made at the bank originally named by the subscriber.

Non-negotiable receipts will be furnished to all subscribers who desire to pay by instalments. These receipts will be exchangeable at subscriber's bank for bonds on any instalment date when subscription is paid in full. All receipts must be exchanged before 1st June, 1920.

Form of Bonds Interchangeable

Subject to the payment of 25 cents for each new bond issued, holders of fully registered bonds without coupons, will have the right to convert into bonds with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds without coupons, at any time, on application to the Minister of Finance or any Assistant Receiver General.

Forms of application may be obtained from any Official Canvasser, from any Victory Loan Committee, or member thereof, or from any branch in Canada of any Chartered Bank.

Subscription List will close on or before November 15th, 1919

It is Many Years since there was so good a showing of pretty dolls as are now being shown at the Beehive. A splendid assortment of French and English dolls moderately priced. Select one now and have it reserved.

The Hotel Douglas was to-day transferred by the Credit Foncier Company (who are the owners of the building) to Mr. and Mrs. Joseph C. La-Belle, formerly of Field, B.C., who took possession this morning, November 1. Mr. and Mrs. La-Belle have operated hotels and dining rooms in connection with the Canadian Pacific Railway system for many years, and are widely known as expert caterers, their hotel at Field having been for several years a popular rendezvous for tourist and commercial travelers. The magnificent dining room, which is forty feet by thirty feet, will be splendidly furnished within the next fourteen days, and the new proprietors then propose to put up the best meal in Victoria—probably a very excellent merchants' lunch will be available for half a dollar—and the kitchen is now being overhauled by a very competent culinary expert, in which Mrs. La-Belle intends to employ while help she has having brought with her an Old Country cook whose fame has long preceded her. The word amongst the railway employees and other regular travelers through the Rockies, The Douglas was splendidly furnished two months ago by the Credit Foncier Company, who are just adding to the number of beautiful wardrobes, cupboards, and most substantial lobby furniture. A splendid auto will meet all trains and boats, and the new proprietors will be glad to welcome their numerous friends from all parts of the country at their new hostelry.

Westholme Case.—The appeal made by the city against the Supreme Court decision regarding the powers of the neutral engineer and arbitrator in the Westholme Lumber Company case will be dealt with by the Court of Appeal which opened in Vancouver yesterday. Harold B. Robertson will appear for the city, and City Solicitor Pringle also will be present. W. J. Taylor, K.C., is handling the Lumber Company's case.

Debate on Woodyard.—Warm debate over the application of Bagshawe and Company for permission to establish a woodyard at the southeast corner of Douglas and Figgard Streets was waged at the City Council meeting last night. It was pointed out by various aldermen that, if the Hudson Bay Company's store were opened, a wood yard would not be a very nice thing to have just opposite the handsome building. "It seems to me that a row of Chinese stores are a worse detriment to Douglas Street than a wood yard," Alderman Johns asserted. "That may be," Alderman Patrick replied, "but two wrongs don't make a right." Action on the matter was put off for a week.

Sanich Choosing New Engineer.—One of four returned soldiers is to be the next municipal engineer of Sanich. At a special meeting of the Sanich Council last night to consider applications for the office, out of twenty-three applicants these returned men were chosen to be interviewed by the council: Major J. Cameron Johnston, Major John B. Crook, D. O. M. C., Frank H. Allwood and J. E. Mine. They will be interviewed by the whole council on Friday, November 14.

Put your Money into VICTORY BONDS.—It will return to you as wages.

Thin, Nervous People Need Bitro-Phosphate

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility, and all the ailments that follow are almost invariably due to nerve deficiency. Bitro-Phosphate is a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing. By strengthening the nerves, weak, thin people regain energy and vigor; thinness and angularity give way to plumpness and confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health.

CAUTION.—Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so, that many people report marked gains of weight in a few weeks. Those taking it who do not desire to put on flesh, should use extra care in avoiding fat-producing foods.

MORE FIRMS JOIN LIST OF HUNDRED PERCENT. PATRIOTS

Over Thirty New Concerns and Families Win Honor Emblems

"The Honor Emblem Competition is steadily gaining ground, as firm after firm swings into line, and the family group is rapidly increasing in volume," George G. Bushby, who is in charge of that section of the Victory Loan activities, stated this morning when announcing the names of firms which have joined the hundred percent list since yesterday.

It is now necessary to keep a man steadily employed answering the telephone messages that pour in concerning the competition, and dire is the result if there should happen to be any omission of names. Apparently subscribers in the 100 per cent class in Victoria do not wish to hide their light under a bushel, and from present indications the list of firms and families will be treble that of last Loan Campaign. It is the old story of emulation, and no one seems anxious to be left out, and it is the desire of the committee that telephones 626 should be kept busy. If your family or firm should be left out of the published list kindly telephone headquarters and get on the honorable record.

Following are the additions made to the Senior Honor List since yesterday at noon: Burroughs Adding Machine Co. Staff, Peace Block; Moore & Whittington Office Staff, 2302 Pleasant Street; David T. Jones, Boatbuilders, 618 Montreal Street; C. A. Steele and Staff, 610 View Street; Consolidated Whaling Co. Office Staff, Point Ellice; Halliday & Co., Grocers, 2907 Cedar Hill Road; Wherry & Tow, Taxidermists, 629 Pandora Avenue; Barber & Holdcroft, 611 Yates Street; B. C. Return Soldiers' Commission, Parliament Buildings; Williams Drug Store, Government and Fort Streets; Wah Sun, 1620 Government Street; Rennie's Service Garage and Staff, 1717 Cook Street; Turner, Beeton & Co. Staff, 1210 Wharf Street.

Additions to the Junior List are as follows: Harry Mitchell and family, 2517 Shakespeare Street; F. R. Carlow and family, 2652 Cook Street; H. H. Jones and family, 637 Michigan Street; Mrs. Carter and family, 1330 Woodside Road; E. W. Clayton and family, Allard Mansions; Harry Crewe and family, Oak Street; Mrs. Maherny and family, 123 Cambridge Street; W. J. Rennie and family, 1312 Gladstone Avenue; Miss Johnson and household, 1230 Victoria Avenue; Mrs. A. Manson and family, 1555 Burns Avenue; Mrs. A. Taylor, 1601 Yale Street; Mrs. M. J. McKenna and family, 963 Madison Street; J. M. Langley and family, Monterey Avenue; Mrs. Scott and family, 1318 Oak Bay Avenue.

Sanich Sewers.—The debt of Sanich municipality to the city in connection with the northwest sewers was considered briefly at the City Council meeting last night. Action was postponed for a week.

Alderman Andros to Speak on Loan.—Alderman E. B. Andros will speak on the Victory Loan at the Princess Theatre this evening. He also will speak on the same subject at the Pantages and the Variety Theatres on Thursday.

Would Change Market Day.—A petition signed by fifty-nine stall-holders in the Public Market asking the mid-week day be changed from Tuesday to Wednesday was received by the City Council last night. The matter was referred to the Market Committee.

Sanich Choosing New Engineer.—One of four returned soldiers is to be the next municipal engineer of Sanich. At a special meeting of the Sanich Council last night to consider applications for the office, out of twenty-three applicants these returned men were chosen to be interviewed by the council: Major J. Cameron Johnston, Major John B. Crook, D. O. M. C., Frank H. Allwood and J. E. Mine. They will be interviewed by the whole council on Friday, November 14.

SHIPBUILDING TO BENEFIT BY LOAN

Appeal For Subscriptions Is Issued to Artisans of City

"Wooden shipbuilding has now ceased in Victoria, and that simple statement is fraught with much significance, for to great numbers of our fellow citizens the stoppage of shipbuilding means the stoppage of income, and that is a very serious condition to face," says a statement issued from the loan headquarters today. "Necessity, in the shape of tonnage scarcity brought about shipbuilding, and the flotation of Victory Loan, 1917 and 1918 made it possible.

"The flotation of these loans brought out much dormant capital in Canada, and this capital was immediately applied towards establishing various industries in Canada, among them, and of great importance to British Columbia, was the shipbuilding industry. By virtue of the credits granted to Britain by Canada, credits made available through Victory Loans, Canada was able to arrange for the construction of the ships which were built in our local yards. Immense sums of money were expended in our Province, giving employment at good wages to thousands of men, both in the cities and in the woods.

In plain words, Victory Loans were directly responsible for the prosperous years which were ours through the establishment of shipbuilding. Then surely, good common sense and self-interest will tell us that if we derived great benefit from the two former Victory Loan flotations, we necessarily derive considerable amount of benefit from Victory Loan, 1919."

PRAIRIE PRESSMEN ARE HERE ON VISIT

Made Automobile Tour This Afternoon; Came West on C. N. R. Special

A party of visiting newspapermen from prairie cities is in Victoria to-day, having crossed on the night boat from Vancouver. They are spending the day looking round the city, and will leave on the night boat for Vancouver, en route home, the afternoon of W. A. McAdam, Publicity Commissioner of the Victoria and Island Development Association, arranged for a motor tour of the Saanich peninsula for the party, with a view to a call at the Dominion Astrophysical Observatory, Saanich Hill.

The party comprises J. Madill, district passenger agent, Edmonton; J. H. Horton, city passenger agent, Calgary; R. F. McNaughton, city passenger agent, Regina; W. Stapleton, city passenger agent, Saskatoon; R. F. Creighton, city passenger agent, Winnipeg; W. Beckett, inspector of sleeping and dining cars, and C. M. Higgins, advertising agent, Winnipeg.

The party was met by British Columbia newspaper men at Yale, and they came back to Vancouver for the banquet in the dining car.

Mr. Stapleton, the district passenger agent at Saskatoon, whose territory includes Saskatchewan, says that since October 1 his office has received hundreds of inquiries regarding coast centres and many were now on their way here to spend the winter. Hundreds will winter in Vancouver and Victoria, he stated, while many others will go on to California. Since the inquiries for coast traffic started, the various passenger agents have been sending for a large supply of publicity literature of the city.

"Now tell me," said the inspector, "who was the mother of our great Scottish hero, Robert Bruce?" He pointed to the top boy and then around the class. There was no answer. Then he asked the heart of the teacher leaped with joy. The boy who was standing at the very foot had held up his hand.

"Well, my boy," said the inspector, encouragingly, "who was she?" "Please, sir, Mrs. Bruce."

BODY DRAWN INTO PLANER AT MILL

Chinaman's Neck Is Broken in Accident at the Sidney Mill

At the Sidney Mills yesterday Joe Jack, a Chinaman, met a tragic end. He was engaged in feeding a planer, and in some manner his arm became entangled in the machinery. Before he could be extracted he had been drawn into the machine, and his neck broken. It is believed that his glove caught in the machinery. Medical aid was called, but the man was beyond aid. Provincial Constable Bishop was called, and repaired the circumstances to Dr. Stanier, who ordered the body removed to the B. C. Funeral Parlors, where the inquest will take place, at a date to be set later. The remains will later be shipped to China. Other employees of the mill, who were near the scene of the tragedy, are able to give a full account of the circumstances attending the accident.

TELLS OF CANADIAN MACHINE GUN CORPS

Appeal Made for Men to Join the Victoria Company

Col. W. K. Walker, D.S.O., M.C., Assistant Dominion Director of Machine Guns, made some important announcements regarding Canada's permanent machine gun corps at a dinner party of the Victoria Militia Machine Gun Company held at the Dominion Hotel last night.

Canada will have a permanent machine gun corps of 525, including forty-five officers, he stated, with brigades in every military district. There will be three companies in British Columbia, he announced.

British Columbia will have three companies in the active machine gun militia, one between Vancouver and New Westminster, one between Courtenay, Nanaimo and Duncan, and one in Victoria City, he continued, in addition to the headquarters of the 11th Machine Gun Brigade which will be in Victoria also. The permanent machine gun corps is in process of formation now and will be confined to the East, with officers and men drawn exclusively from overseas machine gun battalions and units.

The names and traditions of overseas machine gun units will be preserved in the active militia as far as possible, the speaker stated. The First Machine Gun Battalion will be known as the First Canadian Machine Gun Brigade and will be located where the majority of the men for the battalion were recruited. The British Columbia Brigade will be called the 11th Canadian Machine Gun Brigade, with Col. L. F. Pearce, D.S.O., M.C., in command, with headquarters in Victoria.

Eleven officers and 150 men will comprise a company with 24 Vickers machine guns. Number two company in Vancouver and New Westminster and number three company between Courtenay, Nanaimo and Duncan.

Each company will have three sub-sections called "Batteries," and the Victoria batteries are in charge of the following officers: Captain C. H. Captain Hedley and Captain Ball. The officers of the Victoria company are nearly all obtained at present, but six vacancies exist between the headquarters and the local unit.

One hundred and fifty men, who served with the machine guns overseas, are required for the militia of the local company. The 11th Canadian Machine Gun Brigade will have a permanent staff of an adjutant, regimental sergeant-major and orderly room sergeant with offices in the new Armory.

Men are needed in the Victoria company, and all those who helped to build up the great traditions of the Canadian Machine Gun Corps in France are appealed to to "carry on" in preserving the defence of the country along the new and better lines of the Canadian Active Militia.

The Colonel emphasized the point that the machine guns would not be used in breaking strikes. In Winnipeg during the recent disturbances, he declared, strict orders were given that the militia should only be used only in the protection of life and property.

Wille—Pa, buy me a pair of roller skates.

Pa.—But, Willie, you need shoes worse than you need roller skates.

Willie—I know, but when I have my roller skates on the people can't see the holes in my shoes.

ALWAYS THE SAME. Wife—But wouldn't you be lonely and miserable if I went away for a week? Hub—Not a bit, dear. Wife—Then I won't go.

LIPTON INSPECTS LATEST CHALLENGER

SHAMROCK IV.

Halifax, Nov. 4.—Among the passengers arriving on the Carmania yesterday was Sir Thomas Lipton, the famous yachtsman, who is proceeding to New York to inspect his latest challenger for the America's Cup, Shamrock IV, which has been in drydock since 1914.

"This is a sort of lightning trip," said Sir Thomas Lipton to the newspapermen this morning, to whom he explained he would put to New York on the Carmania and would remain there for a few days. "While in New York," he said, "I will see just how Cup matters stand and will look over the Shamrock there. Next Spring I will send over a 23-metre trial horse for the Shamrock."

Sir Thomas said that he might have time on this trip to pay a brief visit to Toronto, and added that he would shortly return to America for a longer visit in connection with yachting matters.

Dubbie Kerr, One of Neatest Men
* * * * *
in the Game Joins the Aristocrats

Dubbie Kerr, who in 1914 ran Cyclone Taylor a neck and neck race for individual scoring honors, will stage an attempt this season to exhibit the form which won him the reputation of being one of the prettiest puckchasers in the world.

Last year after a double dose of the "flu" and an attack of pneumonia, Kerr made a good attempt, but victims of either complaint will realize that it was only Dubbie's gameness and love of the game that kept him from the steel blade experts of the Pacific Coast League under such a handicap was almost an impossibility, and Dubbie had to admit defeat. At his own request he dropped out of the game for a period, and this year will enter the fray in the best of trim.

During the summer he has been keeping in shape by swimming, and although he has to relieve himself of a little surplus weight he is determined to get into condition before the puck is faced for the first game

DUBBIE KERR.

In the triangular battle for the coast pennant. Before coming to the coast Kerr played for the Ottawas, and was one of the Stanley Cup team winners.

Four years in coast hockey, three with Victoria and one with Spokane showed him an ideal left wing player and a great goal getter. Twenty goals and eleven assists he had to his credit when he ran Taylor second for the honors in 1914, the Cyclone securing 39 points. In 1915 he dropped down the ladder a little although he was in a good position with 14 goals and four assists against his name. In 1916 Dubbie found his shooting arm again, and registered 16 goals and 14 assists, finishing third on the table at the end of the season. Possessed of all the speed essential in a wing man, and a sure shooting eye, condition is the only thing Dubbie has to consider, and as a young player still well under the thirties this should prove no obstacle in the way of his return to his former place among the stars of the game. There would be no one more delighted than this Aristocrat's manager if Kerr should be successful in his comeback.

STETCHER WINNER IN ONE FALL MATCH

Squirms Out of Five of Strangler Lewis's Headlocks

New York, Nov. 4.—Joe Stecher, claimant of the world's heavyweight catch-as-catch-can wrestling championship, defeated Ed. "Strangler" Lewis, of Kentucky, in a one-fall match at Madison Square Garden last night, throwing his opponent with a body scissor and double wrist lock after wrestling one hour, thirty-one minutes and three seconds.

Stecher scored the decisive fall after he had squirmed out of five successive headlocks. He obtained the body scissors, holding it for nearly a minute and a half, then spread out his opponent's arms with the double wrist lock and pinned his shoulders to the mat.

The match was cleverly contested, each man using every hold for which he was noted, and at one stage Stecher attempted the headlock several times and Lewis the scissors hold.

Before the main bout, Wladek Zbyszko, with a body lift, raised Petroff, of Chicago, high in the air and tossed him for a fall in two minutes forty-two seconds. Zbyszko challenged the winner of the other bout and a telegram from Earl Caddock was read stating that he would meet Stecher or Lewis here later.

TRIUMPH FOR DUNCAN LADY BASKETBALLERS

The Duncan ladies' basketball team defeated the Chemalun ladies in a splendid match by eleven to ten at Chemalun on Friday evening last.

YOU wouldn't try to clean your teeth with your fingers, when a tooth brush does it so much better.

CHANGE DATES OF "REP" RUGBY GAMES

Trial Game For Final Selection Will Be Played November 22

New dates for the inter-city rugby games this season were endorsed at a meeting of the Victoria Rugby Union held last night. The new dates are December 4 in Victoria, December 20 in Vancouver, January 10 in Victoria and February 14 in Vancouver.

The Selection Committee, as follows, Billy Moreau, W. H. Spalding, Hebdon Gillespie and George Jay. The committee is re-elected as one thoroughly capable of the important task. Hebdon Gillespie has captained representative teams in the past, Moreau has also made the rep teams. W. W. Spalding is one of the founders of the Rugby Union in Victoria and one of the founders of the game in this city. George Jay was the first president of the Union and is one of the oldest players in the city.

A Trial Game. Before the final choice of the committee a trial game will be played between a fifteen which has been selected as the most likely team for the honor of representing Victoria and a second fifteen. The game will be played November 22, and as the players engaged in the game will have a place on the team at stake, the rugby followers look for a great game. Saturday's games will be as follows:

V. I. A. vs. James Bay on pitch No. 2, Hebdon Gillespie referee.

Wanderers vs. Great War Veterans on No. 1 pitch, Sparkes referee. The captain of the representative teams has not yet been decided upon and will not be chosen until after the trial game. D. M. Grant is mentioned as the man for the job if he can get into condition. Grant captained the last representative eleven that Victoria sent to the Mainland before he went overseas, but has not been in action this year. He will however, put on a uniform after next Saturday's games.

J. Grant presided at the meeting.

FISH TOOK SPOON; BOTH WERE RE-CAUGHT

While out at Cowichan Gap recently Harry Tait, says The Ladysmith Chronicle, hooked a big fish, but to his disappointment the fish broke away carrying with it a piece of the line and a spoon. The following day Harry went out fishing at the same time and again he hooked a fish, but this time he took good care that it did not get away to his great surprise when he landed it he found that it had in its jaw the spoon he lost the previous day.

RUSH OF BUSINESS AT NEXT SOCCER SESSION

The regular meeting of the Victoria Football League will be held at the K. of C. Huts Tuesday, Nov. 4. Owing to the large amount of business on hand the delegates are asked to attend at 7.30 p. m. It is further requested that referees' reports and other items in connection with routine business be handed to the secretary before the opening of the meeting, all of which will save less of time states President Hadley.

WARREN JOINS ALBERTA.

Calgary, Nov. 4.—Jack Warren, who played for Winnipeg Victorias the first year they won the Allan Cup, today signed a contract to play for the Columbus Club team of the Alberta "Big Four" League. Warren was with the Winnipeg team ten years and has been out of the game four years.

CY FORSYTHE WOULD JOIN THE AMATEURS

Former Tyee Will Put in His Application to the Union

Cy Forsythe is the latest professional to cast a longing eye on the amateur ranks. Cy, the former first baseman of the Tyees in the International Northwestern League last season, was traveling in great shape when he broke his ankle a couple of games before the withdrawal of Tacoma put an abrupt stop to an interesting competition. Cy has had rather a rough session since then. He was a long time in hospital, and even now his leg is not back to normal. He has a slight limp which, although almost imperceptible, is enough to make it impossible for him to ever win back his former place guarding the initial sack on coast league diamonds.

Since his accident he has been traveling around the amateur camps, and being anxious not to be completely shut out of the game, he has been making inquiries as to the chances of being allowed to throw in his lot with the amateurs, and it is expected he will have an application in before Wednesday's meeting.

Merryfield, whose application was turned down at Ottawa some time ago, has also put in an application for a card. Merryfield was a professional boxer nine or ten years ago. Bayliss, a professional runner, has also applied for reinstatement.

It is hardly expected that any cards will be granted at the Athletic Union meeting to be held in Vancouver Wednesday. As President Arthur Manson stated, the main idea of the meeting will be to decide upon a definite policy in regard to granting cards. This policy will be followed at a future meeting, when all the applications for reinstatement will come up for consideration.

NAME PLAYERS FOR POCKET BILLIARDS

Cleveland, O., Nov. 4.—The names of eight of the ten players who will compete for the national American pocket billiard championship at Philadelphia, beginning on December 1, were announced to-day as follows: Bennie Allen, Kansas City; Jerome Kouch, Rochester; Ralph Greenleaf, Wilmington; Edward I. Ralph, New York; John M. Layton, Columbus, Mo.; James Murre, Colorado Springs; Morris Pink, Philadelphia; and Joseph Cannon, New York.

The other two players will gain entrance by an elimination tournament preliminary to the championship tilt. The championship winner will hold his title for one year. Besides a medal, the winner will get a \$2,400 annuity, a \$1,500 prize and a salary while on tour throughout America. The player finishing second will get a prize of \$1,350; third, \$1,000, and fourth, \$750.

MICKY MACKAY SAYS HE IS NOT RETURNING

Edmonton, Nov. 4.—Mickey Mackay, who was a business visitor to the city yesterday, stated that any talk of him going back to the Pacific Coast this season to play in Frank Patrick's loop was just so much tommyrot, as he had made all arrangements to stay in Calgary and play for the Columbus Club, as announced a few days ago. Mickey, who will captain the C. C.'s, states that he has a likely looking team all gathered together, and that notwithstanding the glaciality of stars slated to appear with the Wanderers his aggregation will be in the hunt for the championship.

NEW YORK IS AFTER ITS SHARE OF GATE

New York, Nov. 4.—Directors of the American League were asked to attend a special meeting here Wednesday morning to consider the protest of the Detroit club against the games which Carl Mays pitched for New York.

New York finished third in the American pennant race a half game ahead of Detroit, earning a share of the world's series receipts. A request by Yankees players that the board ask the National Commission to pay them a portion of the money also will be taken up.

TROUBLE BREWS IN THE BIG FOUR CAMP

Montreal, Nov. 4.—The protest feeling reigns in inter-provincial Rugby once more. Not only has the Argonauts—filed one against the Tigers for the manner in which play was conducted in the final moments of the game in Hamilton on Saturday last, but there is also strong local feeling against Martin Kilt, of the Ottawa club, feeling being so strong that M. A. A. may take action against the Ottawa player and ask the inter-provincial governors to bar Kilt from further participation in Rugby in the big four.

MINISTER IS REFEREE AT KANSAS CITY BOUTS

Kansas City, Mo., Nov. 4. Eddie Coulon, New Orleans bantamweight, as given the popular decision in a ten-round bout with Harry Bramer, last night. Pierce Matthews, St. Louis, was shaded in the opinion of sport writers, by Danny Sheehan, Kansas City (lightweights) and the ten-round bout between Hugh Walker, Kansas City, and Jack Carey, St. Louis, was stopped in the eighth round after Carey had broken a bone in his right hand. The Rev. Earl Blackman, a former army chaplain, refereed the bouts, which were under the auspices of the American Legion.

BILLIARD LEAGUE

In the Two Jacks Billiard League last night Ashworth's team won from Hindie's team by 120 points, the scores being as follows: Ashworth, 231; Askey, 230; Prov. Ihee, 250; Lovett, 207; Baker, 250; total, 1,188. Hindie, 250; Patton, 182; J. Fetch, die's team plays Frost's team.

DOMINION

A jealous-natured wife who tried to make her unromantic husband equally jealous, is the interesting situation depicted in "A Temperamental Wife," starring Constance Talmadge and which will be seen at the Dominion Theatre this week.

Miss Talmadge plays the role of Billie Billings, a fascinating but unreasonable young girl determined to marry a man who is absolutely reliable in that he will not speak to or look at other women. Her happiness seems ruined when she discovers that her husband is employing a lady stenographer. Her heartaches increase when the husband refuses to discharge the stenographer. For spite she runs off with a Bulgarian Count. And then some events very interesting for the audience and very tragic for Billie Billings take place.

LETTERS

Letters addressed to the Editor and intended for publication must be short, and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

SENIOR HONOR LIST.

To the Editor.—If you will permit me a small space in your valuable paper I would like to refer to a list appearing in The Times of Saturday, November 1, of what is styled "The Senior Honor List."

I note that "Tom Smith and Family" and "John Jones and Family," etc., are quoted as examples. In many cases the "Smith or Jones" referred to have no families, consequently the reference means "Mr. and Mrs. Smith" or "Mr. and Mrs. Jones," as the case may be, who have each, perhaps, invested in a \$50 Bond—it may be more, but that is immaterial. Now, take the case of "Arthur Brown," his wife and three or four, perhaps even five or six or more children, who are living at considerably more expense than "Tom Smith" or "John Jones," and who would find it infinitely harder to make together enough money to purchase a \$50 Bond, and possibly the said "Arthur Brown" may have been overseas, whereas "Smith and Jones" have not. Do you not think the "Browns" are just as much entitled to be put on the Senior Honor List, as they have given all they could muster together, and possibly stilted their family to do it? Yet a childless man and wife, who as I say, live at less expense and can more easily afford to invest, have their names published on the Honor List.

It seems to me that it does not put the two cases on an equal footing at all, although I may have a wrong impression of what the Honor List means. Yours for fair play,

A PATRIOTIC CITIZEN AND FATHER.

November 3, 1919.

SOLDIERS' HOUSES.

To the Editor.—Last week you gave us two items of news. The first was that a Mr. Donachie had stated that soldier carpenters would not be allowed to work on their own houses at \$6.00 per day.

The second was that a gentleman of the same name who has been attending before the City Council stated that unless the above soldier houses were soon built some dreadful things were going to happen; in fact they would have to sell their houses and bodies if they were out of work.

Now some scheme of having the houses built would be acceptable to most people, I would therefore suggest:

1. That all workmen of all descriptions volunteer to build soldiers' houses at a daily wage of four dollars—this would enable them to live anyway, and as hundreds have been making double this for a long time they could afford to be generous and at the same time save themselves from Mr. Donachie's prophecy of starvation. If they can get better elsewhere why, of course, they would leave.

2. That all merchants and everyone supplying anything for the aforesaid homes be only paid cost prices plus say five per cent. for handling.

There would be no distinction between the wages paid to trades, whether for steam engineers or laborers on the soldiers' houses, because it is not a question of price of labor but to provide soldiers' houses and to give any idle men the chance of work.

I feel certain that if some scheme like the above were put before the City Council they would bestir themselves and put it through.

The scheme could be carried out by some of the G. W. V. A. and kindred society committees—what's wrong with the Rotary Club?

Now I trust some will get together and try to beat these ideas into shape and put them right through.

BASTION SAVED FROM PASSING UNDER HAMMER

VANCOUVER ISLAND NEWS

The post of Native Sons, Nanaimo, through the secretary, Geo. F. Wilson, has paid \$170 of the arrears of taxes on the Bastion and has thereby secured their historical property for at least another year. Co-operation between the Native Sons and the I. O. O. F. or some citizens' association is under consideration, in order to make the most of the Bastion as a museum and tourist attraction.

Nanaimo Statistics.

Customs collections at Nanaimo for the month of October were \$14,373.88. During October 1905 pupils were enrolled in the public schools. The average attendance was 72.54. Division 3, Queen's School, Miss M. Woodman, teacher, leading with 98.32 per cent.

Funeral of Late George Norris.

The funeral of George E. Norris, publisher of The Free Press, took place Saturday afternoon from the home to St. Paul's Church, where Rev. S. Ryall conducted services. Odd Fellows and Native Sons formed part of the cortege, the former conducting their burial service at the cemetery. The pallbearers were James Gray, J. B. Nicholson and W. H. Morton, representing the Odd Fellows, and J. P. Stannard, J. P. R. McGill and Bert Horne, of the Native Sons.

Nanaimo Teachers.

Teachers of Nanaimo District to the number of forty convened Saturday afternoon in Central School. Election to vacancies to be filled until the annual meeting in January, R. H. Manzer being chosen as president; E. S. Martin, vice-president; J. W. Hughes, corresponding secretary. Miss Jackson was appointed on the executive committee in the place of Miss Down, who has returned to England. Principal Hughes outlined the history and aims of the Teachers' Association for the benefit of the new members. The superannuation scheme of the B. C. Federation of Teachers was adopted as presented by Principal Manzer. When all the teachers' associations have adopted this worthy scheme the Government will be approached. It is based on the Ontario Act. The Nanaimo Teachers' Association being affiliated with the B. C. Federation, now receives a charter under the Friendly Societies Act. Refreshments were served.

Danish Crucifixion Story.

The address of Brig. Gen. Ormond in the Opera House Friday night was heard by a small but appreciative audience. Gen. Ormond, in reviewing the past five years, said that until peace was signed many facts concerning the Canadian Corps could not be made public. He denied the story of a Canadian having been crucified. If the act was committed at all it had been one of his divisions, and he was unable to trace the rumor to any real fact.

Secures New Site.

The Nanaimo Lumber Co., Ltd., which has been operating near Parksville for a number of years, has acquired a property at the water's edge two and a half miles south of Nanaimo, and is clearing the mill site and trackage for the short spur to the E. & N. Railway. The company, of which Chas. R. Hardy is the manager, expects to begin cutting lumber in January.

Instantly Killed.

William Pollock, of Ladysmith, who was instantly killed yesterday afternoon at Camp Five of the Victoria Lumber Company near Chemainus, was a native of Nanaimo, the family having resided on the Five Acres up till fifteen years ago. Pollock was struck by a cedar snag as it was being pulled from its position by a cable attached to a derrick engine, the snag as it swung clear falling, Pollock and narrowly missed other employees.

Which are you going to have \$45 or \$82.50

IF you have \$100 in the Savings Bank it will pay you 3 per cent. interest, or in fifteen years, \$45.00.

IF you take that money out of the Savings Bank and invest it in Victory Bonds, Canada will pay you 5½ per cent. interest on it, or in the same time, \$82.50.

BUY Victory Bonds and get more interest

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

VETERAN BISHOP WAS IN BRITISH COLUMBIA IN COLONIAL DAYS

Bishop Alexander Charles Garrett, veteran clergyman of this portion of the coast and for many years Bishop of Dallas, Texas, celebrates his birthday to-day. He was born at an Irish vicarage on November 4, 1832, and after graduating at Trinity College,

Dublin, held for three years a curacy in Hampshire, England. In 1859 began his association with British Columbia, where he resided for ten years. Like the late Bishop of Norwich, who was at Holy Trinity, New Westminster, in its pioneer colonial days, Mr. Garrett became a distinguished diocesan after leaving Victoria. During his association in Victoria, he was connected with the first Christ Church Cathedral. He used to preach here in the open air, being an eloquent speaker. He had various

appointments in the diocese, and in the mainland one of New Westminster, before going to San Francisco. Later he was transferred to Omaha as dean, and became missionary bishop of Northern Texas nearly forty-five years ago. When the diocese of Dallas was created he remained its bishop.

Day in, day out; year in and year out: VICTORY BONDS earn you more.

WILL LOOK OVER HIS FAMOUS CHALLENGER

Sir Thomas Lipton at Halifax on Carmania, Which Has Boisterous Trip

Halifax, Nov. 3.—The Carmania docked this morning after a somewhat boisterous passage of eight days from Liverpool. After landing her 81 passengers for this port, she will sail before proceeding to New York. Among the passengers arriving on the Carmania was Sir Thomas Lipton, the famous yachtsman, who is proceeding to New York to inspect his latest challenger for the America's Cup.

No More Constipation or Blotchy Skin

Want a clear, healthy complexion, regular bowels, and a perfect working liver? All easy to obtain if you take **CARTER'S LITTLE LIVER PILLS**. These safe and easy acting remedy. For headache, dizziness, upset stomach and constipation, they have no equal. Purely vegetable.

Small Pill—Small Dose—Small Price
DR. CARTER'S LITTLE LIVER PILLS, Nature's great nerve and blood tonic for Anemia, Rheumatism, Nervousness, Sleeplessness and Female Weakness.

DAYTON AIRLESS TIRE
The Way to Take an Objective is to Take It—Buy Victory Bonds

Cup, Shamrock IV, which has been in drydock since 1914. "This is a sort of lightning trip," said Sir Thomas Lipton to the newspaper men this morning, who explained he would not be in America. Sir Thomas said that he would proceed to New York on the Carmania and would remain there for a few days. "While in New York," he said, "I will see just how cup matters stand and will look over the Shamrock there. Next spring I will send over a 23-metre trial horse for the Shamrock."

THIN PEOPLE NEED BITRO-PHOSPHATE

Increases Weight, Strength and Nerve Force in Two Weeks' Time in Many Instances.

The average person is beginning to realize more and more that the lack of physical strength and nerve exhaustion (frequently evidenced by excessive thinness) are the direct cause not only of the failure to succeed in life, but also for the handicap in one's social aspirations. Compare the thin, sickly, angular frame with the well rounded

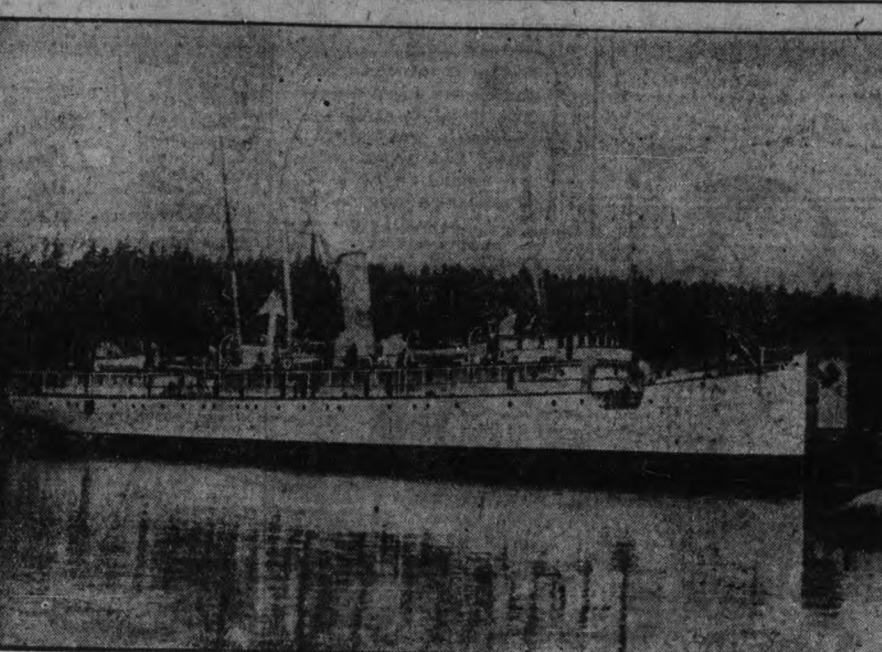

form which is usually accompanied by the bloom of health and attractiveness. That millions of people are conscious of this handicap is evident from the continued appearance in newspapers and magazines of many suggestions proposing various remedies in food or medicine or exercises, either of which might or might not be appropriate for a given case. Authorities, however, agree that healthy nerve tissue is absolutely essential to a strong, robust body and mind. Weak nerves, while indicated by a multitude of different symptoms, more immediately and generally result in lack of energy, sleeplessness, irritability, depression, etc., which conditions gradually consume the healthy flesh, leaving only hollows, a flat chest, bony neck and scrawny arms and legs. Our bodies need more phosphate than the foods we eat nowadays, and many opinions affirm that there is nothing which may be taken into the human system that so effectively supplies this deficiency as the pure organic phosphate known as Bitro-Phosphate and sold by good druggists everywhere. The essential phosphoric food elements in bitro-phosphate assimilated by the nerve cells should soon produce a pleasing change in nerve energy and hence increased vitality and strength. With the burdens of nervousness, sleeplessness, lack of energy, etc., lifted, normal weight with its attractive fullness and ruddy glow of health replaces the former picture of skin and bones. Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitro-Phosphate has brought a magic transformation with me. I gained 15 pounds and never before felt so good."

CAUTION.—Although Bitro-Phosphate is unexcelled for the relief of a nervousness and attendant disorders, owing to its tendency to increase weight, one should watch the scales while taking it unless it is the desire to put on flesh.

STEAMSHIP PRINCESS MAY

SERVED ON MONITORS IN MESOPOTAMIA WAR

Lieut. W. G. Brown Home After Interesting Experiences

After many varied and interesting experiences with the inland water transportation in various parts of the world, Lieut. Walter G. Brown, formerly sea buoy inspector of the Marine Department, returned to Victoria Saturday. Lieut. Brown left here in February, 1911, and during the war saw much service on tow-boats between Richborough, the secret port of England, and Calais, made a trip via the Cape of Good Hope to India en route to Basra, at the head of the Persian Gulf, where he joined a British monitor and had interesting cruises up the Tigris and Euphrates rivers and their tributaries. He returned in June of this year to England via the Suez Canal. Lieut. Brown describes the ferry service between Richborough and Calais as a hard and strenuous job. After being in that service for some time he was granted a commission and ordered to Glasgow to join a contingent which was moving out to Mesopotamia. On reaching Basra, Lieut. Brown was first detailed for duty on a small river steamer which was engaged in carrying troops to Baghdad.

On a Monitor. Shortly afterwards the inland water transportation took over the duty of operating the monitors on the rivers and Lieut. Brown was transferred to this type of fighting ship. The monitors were employed along the lines of communication and made long trips up the Tigris and Euphrates Rivers, and often proceeded about thirty miles up some of the tributaries. These trips were made in order to impress the strength of the British upon the natives, who at times assumed a hostile attitude. The natives far up the tributaries looked with awe at the fighting ships as they had never seen a gun, machine gun or electric lights before.

On one occasion the monitor on which Lieut. Brown was serving was steaming up a small river in pursuance of an order. On reaching her destination it was found that the monitor could not turn about so it was decided to continue up-stream until the river widened sufficiently to permit the turn being made. After proceeding some distance it was discovered that the river was narrowing. The commander started to back down stream and, after making a good many miles, the monitor fetched to and the natives had to be sent for and the monitor was eventually dug out.

After armistice Lieut. Brown was kept on duty for some time and did not reach India on his way home until April last. Lieut. Brown will resume his duties with the Marine Department immediately.

NAVAL BOYS GET RAINBOW

Former Canadian Cruiser Turned Over to Them For Saturday Instruction

The Rainbow, former Canadian cruiser, now lying in Esquimalt harbor, has been turned over to the Boys' Naval Brigade for Saturday afternoon and evening instruction. The arrangement has been made by Capt. Martyn R. N. C. M. G., senior naval officer at Esquimalt. Efforts have been made for some time to secure a proper ship for the instruction of the boys of the brigade. With the Rainbow, officers of the brigade say, they will be able to carry on their instructional naval work under actual service conditions. With the acquisition of the Rainbow for Saturday afternoons there will be a change in the routine of the brigade. All mid-week parades that have been held up until now are to be cancelled. The Wednesday afternoon recreation outing will now take place in small boats in Esquimalt Harbor.

On Saturday afternoons a duty boat will be kept lying between the shore and the Rainbow, so that the older boys of the brigade who are kept working until late will be able to get aboard the warship any time they arrive. The younger unemployed boys will start their duties at two o'clock. Everything on board the Rainbow will be carried out under actual service routine. The use of the Rainbow by the brigade will start next Saturday afternoon, when she will be lying alongside the H. M. S. New Zealand, which will arrive that day with Admiral Jellicoe.

VESSELS' MOVEMENTS

SCHIRBECK BEING MADE READY TO RESUME TRIP

It is expected that the French steamer Schirbeck, which returned here last week from sea with two feet of water in her hold, will sail for the United Kingdom on Thursday. The pumps, which refused to work, have been cleared of the chips and minor repairs to the boilers are now being carried out. The French steamer Frontenac left port yesterday for Nanaimo to coal. From there she will proceed to Genoa Bay to load a cargo of lumber for the United Kingdom. The French steamer Victoria was to have left port this morning for Nanaimo to load a lumber cargo for the United Kingdom, but was delayed. She will sail to-morrow.

SMALLPOX ON ROMA

New York, Nov. 3.—The French steamer Roma, from Marseilles and Lisbon, arrived here to-day and is being held in quarantine owing to the discovery of a case of smallpox on board. The ship has 320 passengers.

IS BUILDING HUGE OIL-BURNING FLEET

United States Will Have 1,731 Ships Using Oil; Establish Oil Stations

Washington, Nov. 2.—With the completion of the present construction programme of the Shipping Board there will be under the American flag 1,731 oil-burning steamers of an aggregate of nearly ten million deadweight tons. Fuel stations are now being established along the trade routes in both the Atlantic and Pacific, so that the American ships will be able to make a complete circuit of the world without taking fuel at other than American-owned stations. A total of 486 oil-burning ships are now in the Government merchant fleet, while sixty-seven others have been sold to Americans or reconverted to their American owners. In addition 426 oil-burning vessels are under construction.

ROYAL GEORGE BRINGS HOME MANY DEPENDENTS

Halifax, Nov. 3.—The steamer Royal George, which arrived on Saturday, brought about 500 returned soldiers with their wives and dependents. Among the officers aboard were Major C. H. Hart, Calgary; Captain H. F. Griffith and Lieut. A. G. Bennett, the two latter's addresses not given.

CAPT. HARDY DIES

Portland, Ore., Nov. 3.—Captain William H. Hardy, who claimed to be the only survivor of Commodore Perry's historic trip to Japan, and re-visited that country several years ago, and was entertained by the Japanese government, died here on Saturday, following a week's illness from pneumonia.

ATLANTIC VESSELS IN GRAVE DANGER

Avondale Helpless in N. W. Gale; Other Ships Are Battered About

Halifax, Nov. 3.—A wireless message from Cape Race states that the steamer Avondale is in distress in latitude 44.29 north, longitude 42.25 west. Her engines were broken down and a heavy northwest gale was blowing with heavy seas running. The message added that assistance might be needed.

The Avondale belongs to the American Shipping Board. She is an oil tanker and is on her way from Scotland to New York in ballast. It is believed she will be able to proceed.

Took Fire at Sea

Halifax, Nov. 3.—The Swedish barquentine Ebba has been abandoned at sea and her master and crew of seven men are safe on board the steamer Ael, according to a wireless message received this morning by the marine department from the master of the Ael. The Ebba caught fire at sea.

STEAMERS COLLIDE IN FOG OFF COAST

Daisy Putnam and Celilo Limp into San Francisco; Both Badly Damaged

San Francisco, Nov. 3.—Her stem badly damaged in a collision with the steamer schooner Daisy Putnam, in a dense fog off Point Arena, north of here, at midnight last night, the steamer Celilo, bound from Port Angeles to San Pedro, put in here today for repairs. The Daisy Putnam, which had a portion of one side stove in by the collision, also was making port. The Celilo reported. The Daisy Putnam was found from San Francisco to Gray's Harbor. As far as is known there was no loss of life or injury received from the collision.

35 Lots. Vacant Lots. \$2,450

These are all first-class lots, mostly empty, and situated only 2 1/2 miles from the city. We have sold this summer vacant property in the same subdivision, and at the same value, at \$250 per lot. At the above price this is only \$70 per lot, and we can sell them for one-third cash, balance arranged.

\$2,300 Hillside District. \$2,500

An eight-room house, about two blocks from the Hillside car and on a main street. The lot is 60 x 110, all light black soil, with first-class garden, bearing fruit trees and small plants. All the rooms are large, bright and cheerful. The plumbing is of the best and the hot air heating system was put in by an expert irrespective of cost. Laundry tubs, clothes chute, cupboards.

This house was erected by the owner about 8 years ago, and is of cost, and is to-day easily worth including the lot and complete furnishings—not less than \$3,000. OUR SACRIFICE PRICE, \$2,500 cash, and assume mortgage of \$2,500.

GROCERY BUSINESS SNAP.

Five corner store premises in a choice residential district in Victoria, right on car line. There is a suite of 5 large rooms with private entrance and two rooms at rear of store, cement basement, garage. About \$1,500 in stock, fittings and the costly furnishings, including a \$450 piano. The business, without delivery, runs to over \$20,000 per annum and could be considerably improved. Very low taxes. Only reason for selling, owner going into larger proposition. \$14,000 PUTS YOU IN IMMEDIATE POSSESSION. NO DOWN PAY. THIS IS A HIGH-CLASS PAYING BUSINESS. LITTLE HOME.

ARE YOU INTERESTED IN VACANT LOTS? We have some of the best in the city at snap prices. Call and get particulars.

MONEY TO LOAN—We have several small amounts to loan on farm lands at the current rates of interest.

Good Values

Deaths, Marriages, Deaths

DEATHS

McNUTT.—On Nov. 2, 1919, at St. Joseph's

Hospital, Margaret Beattie, beloved

wife of J. McNutt, of 125 Adelaide

Road, Esquimalt, aged 85 years; born

in Nova Scotia. She is survived by her

husband and seven children, all

natives of Victoria, viz., Myrtle, John,

Lillian, Evelyn, Jessie, George and

Annie.

The funeral is being held at the B. C.

Funeral Chapel, from whence the funeral

will take place on Wednesday, Nov. 6,

at 2:30 p. m. Interment will be made in Ross

Bay Cemetery.

HEBURN.—On November 1, at his home,

510 George Road, Alfred Pospisil

Heiden, aged 45 years; born in Lon-

don, England, and a resident of this

city for the past seven years. He is

survived by, besides his widow, five

sons and one daughter, of this city;

two brothers and one sister in Van-

couver; one brother in Spokane, and

one sister in Courtenay.

The funeral will take place on Tuesday,

November 5, at 1:30 o'clock, from the Sands

Funeral Chapel. The Rev. F. A. Barry will

conduct the service, and interment will be made at

Ross Bay Cemetery.

COCHRANE BY ELECTION.

Calgary, Nov. 3.—Clear weather with

moderating temperatures along with

the unusual issue involved brought out

a big crowd of voters in the Cochrane

by-election to-day. This is the first

political fight of the United Farmers of

Alberta and they have made a vigorous

campaign to elect their candidate, A.

A. Moore. The Government candidate,

E. V. Thompson, is also a farmer, but

President Wood, of the U. F. A., has

declared that it is a principle that is at

stake and hence the U. F. A. put up

Moore.

FORTY MILLIONS FOR RE-ESTABLISHMENT IN DOMINION ESTIMATES

Ottawa, Nov. 3.—Supplementary estimates for the current fiscal year were tabled in the House this afternoon to the amount of \$62,346,000. Forty millions to carry out the recommendations of the report of the committee on soldiers' civil re-establishment is the biggest vote submitted to the House, while \$20,000,000 are provided for advances to soldiers settling upon the land and cost of administration of the Soldiers' Settlement Act.

Sixty thousand dollars is provided for the Department of Labor as follows: Annual amount required to defray expenses of a director of coal operations and staff in Alberta, \$25,000; amount

required to defray expenses of Canadian delegates to International Labor Conference at Washington, \$25,000; further amount to defray expenses of National Labor Conference, \$5,000; and further amount for industrial relations commission, \$5,000.

The sum of \$576,000 is included to reorganize the printing bureau, and there is a further provision of \$10,000 for seasonal indemnities.

GRACIOUS ACT BY PRINCE OF WALES

Paid Surprise Visit to Archbishop Bruchesi in Hospital; "Conquering Prince"

Montreal, Nov. 3.—One of the last acts of the Prince of Wales before he departed from the city yesterday was an impromptu visit to His Grace, Archbishop Bruchesi, at the Hotel Dieu hospital where, for the past two weeks, the Archbishop has been confined for treatment. The visit was an agreeable surprise to His Grace.

"You know, Prince," remarked the Archbishop, "what name the people have given you?" and as the Prince seemed not to know, His Grace continued: "Others will tell you what it is, but I wish to call you another name: 'Conquering Prince.' You passed through our country as a conqueror and your conquests are the finest that can be. You have conquered all hearts, and most especially that of the Archbishop of Montreal."

Before leaving his Royal Highness signed the register next to the name of Cardinal Mercier and other eminent visitors, among whom are many Royal names.

Moving Picture Record.

The Prince of Wales will at his leisure be able to see the scenes in which he figured during his tour through the Dominion. He will see himself as he was seen from the crowd, for a complete moving picture record of his tour from the time of his departure from Plymouth, England, in August last to the present date has been presented by the C.P.R. to His Royal Highness.

Duplicates of the film are being sent to England for public presentation.

In Toronto To-day.

Toronto, Nov. 3.—The Prince of Wales arrived in Toronto this morning for his second visit to this city. He was driven to Government House, where he will spend a quiet day. There are no official appointments for to-day, but to-morrow the Prince will, in the afternoon, address the combined Empire and Canadian Clubs at Massey Hall and attend the Bishop Strachan School ball in the evening.

Vatican Paper Says Mission of Alfonso to Paris Failed

Rome, Nov. 3.—The Corriere d'Italia, semi-official organ of the Vatican, commenting on the visit of the King of Spain to Paris, says: "The mission of King Alfonso to Paris has failed. His object was chiefly to solve the problem of Tanzi in the desire to avert the possibility of the proclamation of French sovereignty there."

B. C. E. R. Employees Accept Award of Conciliation Board

REPORT ON GUELPH NOVITATE CHARGES TABLED IN HOUSE

Ottawa, Nov. 3.—Hon. Martin Burrell, Secretary of State, in the Commons this afternoon tabled the report of the Royal Commission which inquired into the Guelph novitate charges.

The report is signed by Mr. Justice V. R. Middleton, of Toronto, and Mr. Justice J. A. Chisholm, of Nova Scotia, the two commissioners.

As anticipated, the report exonerates Hon. C. J. Doherty, Minister of Justice, and Major-General McBurn, Minister of Militia, and declares that "upon the evidence before us we think that the conduct of the said (the said on the Guelph novitate conducted by Captain Macaulay) was open to all the adverse criticism found in the memorandum of the Adjutant-General."

"We are further of the opinion," says the report, "that the Minister of Militia acted with entire propriety in the circumstances."

Results come from a cause. He who complains each day of a headache, and then spends each night doing the things that cause a headache, should tell his troubles to the engraver of luncheon.

Canada Counts on YOU to BUY VICTORY BONDS

MORE AUTHORITY FOR PRESIDENT

Constitutional Changes Advocated by Former Premier of France

Paris, Nov. 3.—Artistic Briand, the former Premier, has stolen a march upon Premier Clemenceau by a speech in the political campaign last week, in which he advocated reforms in the power of the President, which Clemenceau was expected to make a leading plank in the Government electoral programme. M. Briand in his speech at Nantes, advocated constitutional changes to give more authority to the President of the Republic, and more strength to the executive powers. The President, M. Briand urged, should be elected by popular vote, instead of being selected indirectly as at present by a vote of the two houses of Parliament.

"It is imperative," said M. Briand, "that the President of France should assume a more efficacious and wider field of authority."

Another plank in the platform of M. Briand calls for the absolute disarmament of Germany and closer contact with the Allies of France in the economic field.

More Optimistic View of Lockout Situation in Spain

Madrid, Nov. 3.—A more optimistic view of the lockout situation in Barcelona is being taken by the authorities as the employers and workers have consented to form an arbitration committee. The Government will continue its efforts to solve the difficulty, and it is considered possible that in the course of this week a definite solution will be reached. Pressure has been brought to bear by prominent citizens in an effort to have the employers change their attitude.

BE SUSPICIOUS OF TENDER GUMS

Be suspicious of any tenderness or bleeding of the gums. This is usually the first stage of Pyorrhea—an insidious disease of the gums that destroys the teeth and undermines bodily health.

Generally the gums become spongy. They inflame, then shrink, thus exposing the uncleaned tooth-base to the ravages of decay. Tiny openings in the gums form gateways for disease germs to enter the system. Medical science has traced many ills to these infecting germs in the gums weakened by Pyorrhea.

They are now known to be a frequent cause of indigestion, anemia, rheumatism and other serious conditions.

So watch carefully for that first tenderness or bleeding of the gums. Try Forhan's immediately. It positively prevents Pyorrhea (Riggs' Disease) if used in time and used consistently.

And in preventing Pyorrhea—it guards against other ills.

Forhan's (For the Gums) cleans teeth scientifically as well. Brush your teeth with it. It keeps the teeth white and clean.

If gum-sprinkage has already set in start using Forhan's and consult a dentist immediately for special treatment.

25c and 60c tubes. All druggists.

Try This Recipe for Boiled Salad Dressing

1 heaping teaspoon mustard, 1 tablespoon sugar, 1 tablespoon melted butter, 2 tablespoons of cream or milk, 6 tablespoons of vinegar, 1 egg.

Mix half the mustard with half the vinegar. Very smooth, then add the remaining vinegar and the sugar.

Beat the egg and the butter together with an EGG WHIPPER, stir in the cream or milk and pour into the vinegar and mustard mixture. Put it in a DOUBLE BOILER and boil for a few minutes, until the desired thickness. Cool before using.

This dressing will keep for several days on ice or in a cool spot.

COUNCIL FINALLY ADOPTS FEDERAL HOUSING SCHEME

Returned Men Win Out After Over Half a Year of Aldermanic Deliberation

After eight month's consideration of the matter, the City Council decided in about two minutes last night to adopt the Federal Housing Scheme, and to accept Victoria's \$180,000 housing allocation.

The Council Chamber was almost filled by returned soldiers who, not knowing what action the Council intended to take, were there to look after their interests. The report of the Housing Committee came as a pleasant surprise to the veterans, and was heard without a word either from the visitors or the aldermen. The report ran as follows:

"1. We recommend to the Council the adoption of the soldiers' housing scheme.

"2. We recommend the appointment of a committee of three to carry out all details in connection therewith."

Alderman Sangster, chairman of the Housing Committee, which has had the Housing Scheme in hand for a number of months now, moved the adoption of these recommendations. This motion was adopted without opposition.

Mayor Porter named the Housing Committee to arrange the necessary details, but Alderman Patrick, one of the members of the Committee objected to this idea. "We may have been a little long about it," he admitted, "but we have brought in a report and now we should be discharged."

"The committee has done its work so creditably," the Mayor informed the Council, "that I thought it should carry on." He therefore appointed Alderman Sangster, Patrick and Johns to go further into the question.

At this juncture Frank Slavin rose to address the Council and got as far as saying "Mr. Mayor and Aldermen—" when the Mayor cut him short with, "No sir! You have no permission to speak."

Mr. Slavin then sat down. When the Council had concluded its formal adoption of the Housing Committee's report, the returned men filed out of the Council Chamber smiling.

The Council's action last night brings to an end more than half a year's deliberation, reversal of decision and warm debate. The Council refused at first to have anything to do with the Housing Scheme on the ground that it would not be good business to accept the responsibility for the money involved. Later it referred the matter to the Housing Committee and once more decided against the scheme. Still later, it decided to have the Housing Committee confer with a special committee representing the returned men of the city. Again, on another occasion, the scheme was introduced into the Council in a letter from Alderman Dinsdale who declared that additional housing accommodation in the city was absolutely necessary.

It looked, for a moment, as if Alderman Dinsdale would have piloted the Housing Scheme through at that particular meeting. He was forced to abandon his stand, however, because the time had lapsed when the

subject could be re-introduced on a notice of motion, and, therefore, he was out of order.

These are but a few of the adventures which the Housing Scheme has undergone in Victoria during the past eight months. During the last few weeks, however, the demands of the returned men have become more persistent than ever, and it has been apparent for some days that the Council would take some definite action. Many of the aldermen do not pretend to believe that the adoption of the scheme is a good business proposition. As Mayor Porter has stated on more than one occasion, the question was whether it was the city's duty to the returned man to help provide him with a home, or whether such accommodation was unnecessary at present.

TO PAY OR NOT TO PAY IS QUESTION BEFORE ALDERMEN

Unpaid Bill Recalls Findlay Liquor Charges, and Enquiry That Failed

To pay or not to pay? That was the question which vexed the City Council not a little last night when the famous Findlay liquor charges and an unpaid bill for \$50 arising out of them were resurrected.

It appears that ex-Mayor Todd, as chairman of the Police Commission, had been unable to come to any decision. It was the desire of the Committee, therefore, that the Council decide for itself what should be done.

"I'm very surprised to hear of this," observed Alderman Fullerton. "The ex-mayor was such a stickler for rules of order when the Council was concerned, and yet he didn't mention it to us."

"The bill should have been paid by last year's Council," declared Alderman Patrick.

"We weren't given a chance," explained Alderman Sargent.

"Well, if we're morally bound, we must pay it," Alderman Patrick answered, "and if legally bound we shall have to pay it."

"Oh, it's a small thing to quarrel about!" exclaimed Alderman Johns. "We're morally responsible for the bill. In any case the chairman of the original propagandist of this international tour, which was first mooted by ex-Mayor A. E. Todd of this city, who drew the first maps of it himself."

Works for the Sane Driving.

Another activity of the association is along the lines of a safety first campaign and efforts to bring about safe, sane and careful driving.

"This organization realizes that it owes a duty to the community as well as to the motorist," says the secretary. "The day of the speeder and reckless driver, the muffler cut-out fiend, should have passed long ago. Every reasonable citizen who drives deplorable careless driving which is dangerous to the motorist as well as to the public. A sure way to bring about the abatement of such a nuisance is by arousing the action of the motorist themselves. The law must be enforced. Our motor police are most efficient and better men could not be found. It is up to us to help them all we can, possibly along the lines of the careful driving campaign conducted by the Auto Club of Western Washington."

"Too much credit cannot be given to President French of the association and the members of the Board of Governors. Their interest in the affairs of our little motor world is simply magnificent and with such men back of it the association could not help but be a power in the community."

"It is fitting that Vancouver Island, the motoring paradise of the world, should boast of an efficient motoring organization. Nanaimo has in the Nanaimo Automobile Association with John Coburn at its head and J. Edge Partridge as secretary, an asset to be proud of. The work done by this club since its organization eight months ago is astonishing."

"Mamma," said little five-year-old Stanley, "do only good little boys go to heaven?"

"Yes, dear," replied the mother.

"Well," continued the youthful observer, "if that's the case the boys must be rather scarce up there."

PLANS FOR BETTER ISLAND MOTORING

Automobile Association Governors to Review Work of Season

To plan a campaign for increased membership and to make efforts for the promotion of safe, sane and careful driving, the Board of Governors of the Island Automobile Association are arranging a meeting this week, Charles L. Harris, secretary of the organization, announced to-day. The success of the association in its work of the last summer will be discussed.

In caring for the visiting motorists during the busy season just passed, a representative of the association met all on arrival at the boat and gave them road maps of the island and information of make their stay on the island pleasant. They are the most authentic ever issued and contained a log of the routes on the island.

The Georgian Circuit folder issued by the association was accepted as the authority on the route by motorists on the mainland as well as on the island. The association was the original propagandist of this international tour, which was first mooted by ex-Mayor A. E. Todd of this city, who drew the first maps of it himself.

Gypsy Smith Denounces Cliques of Women on Religious Bodies

"When the Holy Ghost begins to work something is going to happen. Oh, what a change He would make in your churches if you would only take Him," said Gypsy Smith to 1,300 persons at the Armories last night. He preached on the need of a new Pentecost. He denounced the cliques in churches, composed chiefly of women who destroy the soul of the church.

"We have the finest array of preachers the world ever knew," he said. "We have the finest churches and organs and choirs and even organization, but we lack the dynamic, we lack the power, we lack the spirit."

"You may as well try to bore a hole through that brick wall with a tallow candle as to expect to make conversions without the Holy Ghost."

"You will never know the mind of God, the purpose of God, until the Holy Spirit comes into you to make plain the purposes and the way of God."

"How often do you find church officials getting together to discuss what the Holy Ghost wants them to do. In the early church they were familiar with Him. They knew Him. And they obeyed that voice divine."

"But do you hear sermons to-day preached on the Holy Ghost? The Holy Spirit came to reveal Jesus, and you don't know Jesus without the Spirit."

"But who is to reveal the Holy Spirit to the world? The man in whom He dwells. The Apostle says 'Know ye not that ye are the temples of the Holy Ghost?' Not tombs, but temples. In other words we are the platforms of the Holy Ghost on which the Holy Ghost is to come to work miracles among other people."

Gypsy Smith notified his congregation that he would surprise them one of these nights by telling them the whole story of his gypsy life, and on another night of his experiences with the troops in the trenches. He said he would not indicate what nights these are to be given because he wants people to attend every meeting. His mission ends next Tuesday.

LEFT ALL ALONE.

No taxi-cab in creation would meet the case. Old Mrs. Binks was going away for the week-end, and the largest four-wheeler the town could provide was requisitioned.

In due course it drew up at the door, and the house was rapidly emptied. First there came Fido, and Fido's basketwork kennel, to be followed by a trunk of the size of a Noah's Ark.

A gargantuan hatbox was propped against the box-seat, then came a bird-cage with bird complete. A rolled rug, bundle of umbrellas, and luncheon-basket next appeared with Mrs. Binks.

vehicle she popped herself, and as the springs settled down under the strain, she remarked to the caddy:—

"All right, driver!"
Then it was that the caddy bent down, motioning towards the windows with his wip.

"Won't you take the window boxes, ma'am?" he asked, sarcastically. "It do seem a pity to leave them behind."

AN INDEFINITE STAY.

"Here's a modern wedding announcement."

"What about it?"
"It says the happy couple will live at the home of the bride's parents until they can find a house or a flat they can rent."
